

Steel Material Heavy Duty Long Reach Boom for Excavator

Basic Information

- Place of Origin: China
- Brand Name: Zhonghe Machinery
- Certification: CE, patent, ISO
- Model Number: LRB067
- Minimum Order Quantity: 1 set / piece
- Price: USD 150.00-USD9890.00
- Packaging Details: bubble / wooden cases
- Delivery Time: 7-20/works
- Payment Terms: T/T, L/C
- Supply Ability: 7 sets per week

Product Specification

- High-quality Steel Material: Shaogang Q355B Or Q690D Or Other Material As You Request
- Product Name: Heavy-Duty Q690D / Q355B Long Reach Boom Excavator With Extended Reach For Excavation
- Material: Shaogang Q355B, Q690D Or Others As You Request
- Certifications: Yes
- Warranty Period: 6 Months
- Bucket Cylinder: Available
- Suitable Excavator: 6 Ton 20 Ton 25 Ton 55 Ton Excavator And Above
- Wide Application: The Long Excavator Boom Can Be Used In Digging Sand, Soil, Silt, Gravel, Unloading At Jettv. Clean River. Etc

Product Description

Product Description:

This product is brand new and comes with a 6-month warranty period, ensuring that you can rely on it for your excavation needs without worrying about malfunctions or defects. It is suitable for use with a range of excavators, including 6 ton, 20 ton, 25 ton, and 55 ton excavators and above, making it a versatile addition to your fleet of heavy machinery.

The Long Reach Boom Excavator comes equipped with a bucket cylinder, which makes it easy to scoop and move large amounts of dirt, rock, and debris. Additionally, it is compatible with an Excavator Quick Coupler, which allows you to easily switch between different attachments as needed. Whether you need to use a bucket, hammer, or other excavator attachment, the Excavator Quick Coupler makes it easy to do so.

When it comes to performance, the Long Reach Boom Excavator is second to none. Its Arm Cylinder Excavator provides powerful and precise movements, making it easy to excavate even in tight or hard-to-reach spaces. With its long arm extension, the Excavator Long Arm is perfect for reaching over obstacles or excavating deep trenches without having to move the entire excavator.

In summary, the Long Reach Boom Excavator is a versatile and reliable piece of equipment that is perfect for a range of excavation projects. With its long boom length, powerful Arm Cylinder Excavator, and compatibility with an Excavator Quick Coupler, it is sure to become an essential tool in your heavy machinery arsenal. Whether you're working on a construction site, digging trenches for drainage, or excavating rock and dirt, the Long Reach Boom Excavator has got you covered.

Features:

Product Name: Long Reach Boom Excavator

Material: Shaogang Q355B, Q690D Or Others As You Request

Certifications: Yes

Condition: New

Boom(m) Length(m): 11, 12, 13, 21-22, 23-24

Product Category: Long Reach Boom Excavator

Keywords: 1T Mini Excavator, Heavy Duty Excavator, Hightop Mini Excavator

Technical Parameters:

Product Attribute	Value
Product Name	Heavy-Duty Q690D / Q355B Long Reach Boom Excavator with Extended Reach for Excavation
Excavator Model(m)	30-36T, 20T, 37-39T, 40-47T, 25-28T, 30-33T, 35-39T
Condition	New
Counterweight (ton)	0, 3.5T, 2.5T, 1.5T, 2T
Excavator Boom Cylinder	Available
Excavator Boom Arm	11, 12, 13, 21-22, 23-24
Excavator Telescopic Boom	Not Applicable
High-quality Steel Material	Shaogang Q355B or Q690D or other material as you request
Bucket capacity (cbm)	0.6, 1, 0.4, 0.8
Bucket Cylinder	Available
Certifications	Yes

Applications:

The Excavator Tunnel Boom is perfect for mining operations. It can easily navigate through narrow tunnels and excavate materials with ease. The long reach of the boom arm ensures that all the material is excavated without causing any damage to the surrounding environment.

In addition, the Excavator Quick Attach feature makes it easy to switch between attachments without wasting time. This is especially useful for projects that require multiple attachments. The quick attach feature allows the operator to switch between attachments with ease and continue with the project without any interruptions.

The Excavator Boom Arm can reach great heights, making it ideal for construction projects that require high altitude work. With a maximum height of 18 meters, the boom arm can reach the tallest of buildings and structures. This makes it an essential tool for skyscraper construction and maintenance.

With its CE, patent, and ISO certification, buyers can rest assured that they are purchasing a high-quality product that meets international standards. The product is manufactured in China and has a minimum order quantity of 1 set/piece, with a price range of USD 150.00-USD9890.00. The payment terms include T/T and L/C, and the supply ability is 7 sets per week. The delivery time is 7-20/works, and the packaging details include bubble/wooden cases. The product comes with a 6-month warranty period and is in new condition.

With its professional production process and counterweight options of 0, 3.5T, 2.5T, 1.5T, and 2T, the LRB067 Long Reach Boom

Excavator is suitable for various occasions and scenarios. Its versatility makes it an essential tool for construction, mining, and maintenance projects.

Support and Services:

The Long Reach Boom Excavator is a heavy-duty construction equipment designed for various applications such as mining, dredging, and deep excavation. Our product technical support and services are available to ensure that your equipment operates efficiently and effectively.

Our team of experts provides comprehensive technical support, including installation, maintenance, and repair services. We also offer on-site training to help your operators optimize the use of the equipment and minimize downtime.

In addition to our technical support services, we also offer a wide range of spare parts to ensure that your equipment is always running at its peak performance. Our spare parts are made from high-quality materials and are backed by a warranty for your peace of mind.

At Long Reach Boom Excavator, we are committed to providing our customers with exceptional support and services to help them maximize their investment in our products. Contact us today to learn more about our product technical support and services.

Packing and Shipping:

Product Packaging:

One Long Reach Boom Excavator

Instruction Manual

Spare Parts Kit

Protective Cover

Shipping:

Shipping Method: Ground

Shipping Cost: \$500

Expected Delivery Time: 5-7 business days

Tracking Number: Provided upon shipment

FAQ:

Here are some frequently asked questions about the Zhonghe Machinery LRB067 Long Reach Boom Excavator:

Q: What is the minimum order quantity for this product?

A: The minimum order quantity for the Zhonghe Machinery LRB067 Long Reach Boom Excavator is one set/piece.

Q: What certifications does this product have?

A: This product is CE, patent, and ISO certified.

Q: What is the price of this product?

A: The price of the Zhonghe Machinery LRB067 Long Reach Boom Excavator ranges from USD 150.00 to USD 9890.00.

Q: What are the payment terms for purchasing this product?

A: The payment terms for purchasing this product are T/T and L/C.

Q: What is the delivery time for this product?

A: The delivery time for the Zhonghe Machinery LRB067 Long Reach Boom Excavator is 7-20 working days.

Q: How is this product packaged?

A: This product is packaged in bubble or wooden cases.

Q: What is the supply ability for this product?

A: The supply ability for the Zhonghe Machinery LRB067 Long Reach Boom Excavator is 7 sets per week.

1. Three layers with four passes welding
2. Two layers three passes

1. Seamless precision steel
2. Adopt high quality Ningbo connectors

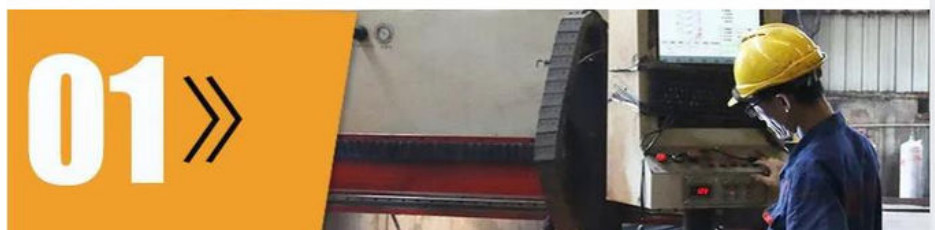

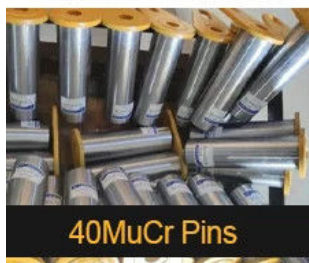

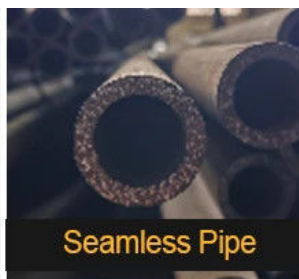

- The middle sleeve of the boom adopts an integral forming process
- Reinforced 45# steel for boom middle sleeve

1. Pin holes are boring after welding
2. The ear seat is built with reinforced vertical bar plates

1. Strengthen the inner part of the box and the boom seat sleeve with inclined tendons
2. Graphite alloy copper sleeve
