

32 Meters Excavator Telescopic Boom / Excavator Long Arm

Our Product Introduction

for more products please visit us on excavatorlongarm.com

Basic Information

- Place of Origin: China
- Brand Name: Zhonghe Machinery
- Certification: Patents
- Model Number: SSB089
- Minimum Order Quantity: 1 piece / set
- Packaging Details: Bubble / wooden cases
- Delivery Time: 7 days-20 days
- Payment Terms: T/T, L/C, or others as you request

Product Specification

- Condition: New
- Bucket Capacity: 0.4cbm, 0.6cbm, 1.5cbm, 2.2cbm, 2.5cbm
- Number Of Sections: 3 Sections
- Model: SSB089
- Maximum Reach: 32 Meters
- Material: BS900E (lighter And Stronger)
- Warranty: 6 Months
- Type: Excavator Attachment
- Highlight: 32 meters excavator telescopic boom, excavator long arm with warranty, telescopic dipper arm for excavators

Product Description

Product Description:

The Telescopic Dipper Arm comes in a new condition, ensuring that it is free from any defects or issues. It has a model number of SSB089, which is a unique identifier that helps to ensure that you are purchasing the correct product. Additionally, this product comes with a warranty of 6 months, which gives you peace of mind knowing that you are protected against any potential issues that may arise. One of the main benefits of the Telescopic Dipper Arm is its ability to extend the reach of the excavator. This means that it can be used for a wide range of applications, including digging deep trenches, reaching high places, and excavating hard-to-reach areas. This versatility makes it an essential tool for any construction or excavation project.

The Telescopic Dipper Arm is also made of BS900E material, which is known for its strength and durability. This material is lighter and stronger than other materials used in the construction of dipper arms, which means that it is easier to handle and less likely to break or become damaged. This makes it a reliable and long-lasting attachment for your excavator.

In conclusion, the Telescopic Dipper Arm is a powerful and versatile attachment for excavators. It is compatible with various brands of excavators, and it is made of BS900E material, which makes it lighter and stronger than other materials. It has a model number of SSB089, and it comes with a warranty of 6 months. Whether you need to dig deep trenches or reach high places, the Telescopic Dipper Arm is the perfect tool for the job.

Features:

Features:

This excavator attachment boasts a variety of premium features that set it apart from others on the market. Specifically:

Premium Material: The excavator attachment is made of BS900E, which is both lighter and stronger than other materials. This means that it is not easily cracked and has a longer lifespan.

Deeper Digging Depth: With the ability to reach depths of 25m, 30m, and even 32m, this excavator attachment is perfect for those who need to dig deeper than a standard attachment can manage.

Suitable for various brands of excavator: This attachment is designed to fit a wide range of excavator brands, making it a versatile choice for many customers.

Can equip with clamshell bucket / standard bucket / Orang Peel Grab / other grabs: This attachment is compatible with multiple types of bucket and grab, giving users greater flexibility and options when it comes to excavation tasks.

Pulley: The pulley is made of MC steel, which has the same hardness as regular steel, but is also light and wear-resistant. The wheel diameter is enlarged to withstand greater loads.

Bearings: The bearings are high-speed, heavy-load bearings, and use larger diameters to withstand greater loads.

Wire Rope: By using multi-strand wire rope, this excavator attachment is able to withstand greater tension and impact force.

Applications:

Applications

Our product is versatile and can be used for a variety of purposes. One of its main applications is in digging deep basements. Our product has the strength and durability to handle this task with ease. Its features allow it to penetrate the ground with great force and precision, making it the perfect choice for excavation work.

Another application of our product is in grabbing materials such as sand, soil, and silt. Our product has been designed to be flexible and adaptable, ensuring that it can grip a wide variety of materials with ease. Whether you are working on a construction site or a landscaping project, our product is sure to make your job easier.

Support and Services:

The Telescopic Dipper Arm is a product designed to increase the reach and digging depth of excavators. Our technical support and services for this product include:

- Installation and setup assistance
- Troubleshooting and repair services
- Regular maintenance and inspection
- Replacement parts and upgrades

Our team of experts is dedicated to ensuring that your Telescopic Dipper Arm is functioning properly and meeting all of your excavation needs. Contact us for more information and support.

Packing and Shipping:

Product Packaging:

The Telescopic Dipper Arm will be carefully packaged to ensure safe delivery. It will be packed in a sturdy cardboard box with adequate padding to prevent any damage during transportation.

Shipping:

We offer free shipping for the Telescopic Dipper Arm within the United States. International shipping is available at an additional cost. The estimated delivery time is between 5-7 business days within the US and may vary for international orders.

FAQ:

Q: What is the brand of this telescopic dipper arm?

A: The brand of this product is Zhonghe Machinery.

Q: What is the model number of this telescopic dipper arm?

A: The model number of this product is SSB089.

Q: Where is this telescopic dipper arm made?

A: This product is made in China.

Q: Does this telescopic dipper arm come with any certification?

A: Yes, this product comes with patents certification.

Q: What is the minimum order quantity for this telescopic dipper arm?

A: The minimum order quantity for this product is 1 piece / set.

Q: How is this telescopic dipper arm packaged for shipping?

A: This product is packaged in either bubble or wooden cases.

Q: How long does it take for delivery?

A: Delivery time for this product is between 7 to 20 days.

Q: What payment methods are accepted for this product?

A: Payment methods accepted for this product include T/T, L/C, or others as you request.
