## Product Description

### Product Description:

Our mini excavator quick hitch is designed and manufactured in China with the highest standards of quality and durability. It is made of premium materials that ensure its longevity and performance, even under the most demanding conditions.

Whether you are working in construction, landscaping, or any other industry that requires excavation, this quick excavator coupler is the perfect solution for you. It can be used with machines ranging from 1 to 50 tons, making it a versatile and adaptable tool for any project. At our company, we believe in providing our customers with the best possible service and products. That is why we offer OEM services that allow you to customize your mini excavator quick hitch to meet your specific needs and requirements.

With the mechanical quick change and hydraulic quick hitch features, you can easily switch between buckets, breakers, compaction plates, and other attachments, saving you time and money. This quick excavator coupler is also designed for safety, with a locking mechanism that ensures attachments are securely fastened before use.

Overall, our mini excavator quick hitch is a reliable, efficient, and cost-effective solution for all your excavation needs. Whether you are a professional contractor or a DIY enthusiast, this quick excavator coupler will make your job easier and more enjoyable.

### Applications:

With a supply ability of 50 sets per week, Zhonghe Machinery's KH012 Excavator Quick Hitch is suitable for machines ranging from 1-50T. This product is versatile and can be used in various construction scenarios such as building foundations, roads, bridges, and tunnels. It can be used for digging, trenching, demolition, and material handling. The Excavator Quick Hitch makes changing attachments a breeze and saves time, increasing productivity on the construction site.

The Excavator Quick Hitch is available in both hydraulic and manual power types, making it easy to operate and suitable for different construction environments. The product is brand new and has OEM acceptance, ensuring that it meets the highest standards of quality and safety.

In conclusion, if you are looking for a reliable and durable Excavator Quick Hitch, Zhonghe Machinery's KH012 is the perfect choice. It is suitable for a wide range of construction applications and scenarios and is available at an affordable price. Contact Zhonghe Machinery today to place an order and experience the convenience and efficiency of the Excavator Quick Hitch.
