

360 Degree Rotation Angle Hydraulic Rotating Grapple for Material Handling

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Zhonghe Machinery
- Certification: Patents
- Model Number: HG010
- Minimum Order Quantity: 1 piece / set
- Price: USD 199 - 5999
- Packaging Details: Bubble / wooden cases
- Delivery Time: 3 days - 15 days
- Payment Terms: T/T, L/C, or others as you request
- Supply Ability: 15 sets per week

Product Specification

- Oem: OEM Services Provided
- Package: Wooden Case Packing / Bubble
- Cylinder: 2 Cylinders
- Rotating: 360 Degree
- Rotation Angle: 360 Degrees
- Quality Control: 100% Inspection Before Shipment
- Suitable Excavator Model: 4-55tons
- Maintenance: Less Maintenance

360 degree rotating
Grab log / stone
Longer life-span
High effective

Product Description

Product Description:

The hydraulic grapple is equipped with two cylinders, ensuring superior strength and stability. This means that you can trust it to handle heavy loads without fail. It is also designed for 360-degree rotation, making it easy to position and move your materials around your work site. This feature is especially useful when working in tight spaces or when you need to change the orientation of your materials quickly. We take pride in our commitment to quality, which is why we subject each hydraulic wood grapple and hydraulic log grapple to a rigorous 100% inspection before shipment. This ensures that our customers receive only the best and most reliable products. It is also designed for less maintenance, meaning you can focus on your work without worrying about frequent repairs or replacements.

To ensure that your hydraulic grapple arrives at your location in perfect condition, we package it in a sturdy wooden case. Alternatively, we also offer bubble packaging for added protection during transport.

In summary, our hydraulic grapple is the ideal solution for your heavy-duty material handling needs. With its two cylinders, 360-degree rotation, and less maintenance design, you can trust it to handle your materials with ease and precision. Plus, with our commitment to quality control and reliable packaging, you can have peace of mind knowing that you are receiving a top-quality product.

Applications:

The patented design of this hydraulic grapple ensures that it offers superior performance and durability, making it a popular choice among customers. The grapple is made in China, ensuring that it meets the highest quality standards. Customers can order as little as one piece or set, and the price ranges from USD 199 to USD 5999, making it an affordable option for companies of all sizes.

The packaging details include bubble and wooden cases, ensuring that the product is delivered in excellent condition. Delivery time ranges from 3 to 15 days, and customers can choose from various payment methods such as T/T, L/C, or others as requested. The supply ability is 15 sets per week, making it a readily available product.

The HG010 hydraulic grapple is suitable for excavator models ranging from 4 to 55 tons, making it versatile and useful for various applications. The quality control process ensures that the product is inspected before shipment, making it a reliable choice for customers. Zhonghe Machinery also provides OEM services, ensuring that customers can have the product customized to meet their specific needs. The package includes wooden case packing or bubble, depending on the customer's preference.

The hydraulic log grapple also rotates 360 degrees, making it easy to maneuver and handle various materials. This feature is particularly useful for customers in the construction and forestry industries.

Overall, the HG010 hydraulic grapple is an excellent choice for those looking for a reliable and efficient tool for heavy-duty applications. Its versatility and durability make it suitable for various industries, and the availability of OEM services ensures that it can be customized to meet specific needs.

Customization:

The HG010 hydraulic grapple is designed to rotate 360 degrees, and it comes with wooden case packing or bubble packaging. Our product requires less maintenance and provides OEM services. Additionally, we conduct 100% inspection before shipment to ensure top-notch quality control.

Choose Zhonghe Machinery for your excavator grapple rock grab stone grab hydraulic needs.

Support and Services:

Our Hydraulic Grapple product comes with comprehensive technical support and services to ensure that our customers have a smooth and hassle-free experience. Our team of highly skilled technicians are available to answer any technical questions you may have about the product, and can provide guidance on installation, maintenance, and troubleshooting.

In addition, we offer a range of services to support our customers, including training programs for operators and maintenance personnel, on-site repair services, and spare parts delivery. Our goal is to provide our customers with the highest level of support possible, so that they can operate their Hydraulic Grapple product with confidence and efficiency.

Packing and Shipping:

Product Packaging:

The hydraulic grapple will be securely packed in a cardboard box to prevent any damage during transit.

All necessary components will be included in the package.

The package will also include an instruction manual for easy installation and usage.

Shipping:

The hydraulic grapple will be shipped via a reliable courier service.

Shipping fees will be calculated based on the delivery address and will be added to the total cost of the product.

The estimated delivery time will be communicated to the customer at the time of purchase.

FAQ:

Q1: What is the brand name of the Hydraulic Grapple product?

A1: The brand name of the Hydraulic Grapple product is Zhonghe Machinery.

Q2: What is the model number of the Hydraulic Grapple product?

A2: The model number of the Hydraulic Grapple product is HG010.

Q3: Where is the Hydraulic Grapple product manufactured?

A3: The Hydraulic Grapple product is manufactured in China.

Q4: What certifications does the Hydraulic Grapple product have?

A4: The Hydraulic Grapple product has patents certification.

Q5: What is the minimum order quantity for the Hydraulic Grapple product?

A5: The minimum order quantity for the Hydraulic Grapple product is 1 piece/set.

Q6: What is the price range of the Hydraulic Grapple product?

A6: The price of the Hydraulic Grapple product ranges from USD 199 to USD 5999.

Q7: What are the packaging details for the Hydraulic Grapple product?

A7: The packaging details for the Hydraulic Grapple product are bubble/wooden cases.

Q8: What is the delivery time for the Hydraulic Grapple product?

A8: The delivery time for the Hydraulic Grapple product is between 3 days to 15 days.

Q9: What are the payment terms for the Hydraulic Grapple product?

A9: The payment terms for the Hydraulic Grapple product are T/T, L/C, or other options that you may request.

Q10: What is the supply ability for the Hydraulic Grapple product?

A10: The supply ability for the Hydraulic Grapple product is 15 sets per week.
