

OEM Services Provided 360 Degrees Rotation Hydraulic Grapple with 2 Cylinders

Our Product Introduction

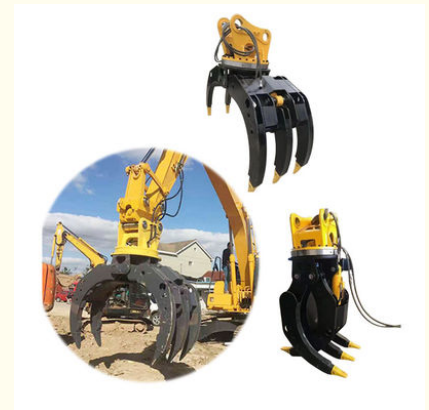

Basic Information

- Place of Origin: China
- Brand Name: Zhonghe Machinery
- Certification: Patents
- Model Number: HG010
- Minimum Order Quantity: 1 piece / set
- Price: USD 199 - 5999
- Packaging Details: Bubble / wooden cases
- Delivery Time: 3 days - 15 days
- Payment Terms: T/T, L/C, or others as you request
- Supply Ability: 15 sets per week

Product Specification

- Rotating: 360 Degree
- Quality Control: 100% Inspection Before Shipment
- Oem: OEM Services Provided
- Suitable Excavator Model: 4-55tons
- Package: Wooden Case Packing / Bubble
- Rotation Angle: 360 Degrees
- Maintenance: Less Maintenance
- Cylinder: 2 Cylinders

Product Description

Product Description:

Our hydraulic wood grapple is designed to meet the highest quality standards. We conduct a 100% inspection before shipment to ensure that our product meets the required specifications. This means that you can be sure that you are getting a reliable and durable product. The hydraulic wood grapple is suitable for excavator models ranging from 4 to 55 tons. This means that it can be used for a wide range of applications, from small-scale forestry work to large construction projects. The grapple is designed to be easy to install and operate, making it an ideal tool for both experienced and novice operators.

Our hydraulic wood grapple comes with a wooden case packing or bubble wrap, ensuring that it is protected during transportation. This means that you can be sure that your device will arrive at your destination in perfect condition.

The hydraulic wood grapple requires less maintenance than other similar devices on the market. This means that you can spend more time working and less time maintaining your equipment. The grapple is designed to be durable and long-lasting, ensuring that it will provide you with reliable service for years to come.

Applications:

Whether you need to move rocks, grab stones, or handle other heavy materials, the HG010 is up to the task. With a 360-degree rotation angle and two cylinders, this grapple is designed for maximum efficiency and ease of use.

Thanks to its hydraulic system, the HG010 is easy to operate and requires minimal maintenance. Plus, with 100% inspection before shipment, you can trust that you're getting a high-quality product every time.

Ordering is easy with a minimum order quantity of just one piece or set and a range of prices from USD 199 to 5999. Packaging is available in either bubble or wooden cases, and delivery is quick, with a turnaround time of 3 to 15 days.

Payment terms are flexible, with options including T/T, L/C, and others as requested. Plus, with OEM services available, you can customize your hydraulic grapple to your exact specifications.

Whether you're in construction, mining, or any other industry that requires heavy lifting, the HG010 hydraulic grapple rotator is an excellent choice. With a supply ability of 15 sets per week, you can count on Zhonghe Machinery to provide you with the equipment you need to get the job done.

Customization:

We also provide OEM services and the package includes wooden case packing or bubble wrapping. Quality control is a top priority for us, and we ensure that each product undergoes 100% inspection before shipment. Our hydraulic grapple product requires less maintenance and comes with 2 cylinders.

Our hydraulic grapple product is also available in various configurations such as grapple hydraulic and hydraulic rotating grapple. Contact us for more information about our product customization services.

Support and Services:

The Hydraulic Grapple product is designed to provide efficient and reliable performance in handling and moving heavy materials. Our technical support team is available to assist you with any questions or concerns regarding the installation, operation, and maintenance of your Hydraulic Grapple. We also offer a range of services to ensure that your product is operating at its optimal level, including repair and replacement of parts, preventative maintenance programs, and on-site training for your staff. Contact us today to learn more about how we can support your Hydraulic Grapple needs.

Packing and Shipping:

Product Packaging:

The Hydraulic Grapple comes in a sturdy cardboard box to ensure safe delivery. The product is securely packed in bubble wrap to prevent any damage during transit. The box dimensions are 24 x 18 x 12 inches and the total weight of the package is 45 pounds.

Shipping:

We offer free shipping for the Hydraulic Grapple within the United States. Our standard delivery time is 5-7 business days. If you require expedited shipping, please contact us for additional options and pricing.

FAQ:

Q: What is the brand name of this hydraulic grapple?

A: The brand name of this product is Zhonghe Machinery.

Q: What is the model number of this hydraulic grapple?

A: The model number of this product is HG010.

Q: Where is this hydraulic grapple made?

A: This product is made in China.

Q: Does this hydraulic grapple come with any certifications?

A: Yes, this product comes with patents certification.

Q: What is the minimum order quantity for this hydraulic grapple?

A: The minimum order quantity for this product is 1 piece or set.

Q: What is the price range for this hydraulic grapple?

A: The price for this product ranges from USD 199 to USD 5999.

Q: What is the packaging method for this hydraulic grapple?

A: The packaging method for this product is bubble or wooden cases.

Q: How long does it take to deliver this hydraulic grapple?

A: The delivery time for this product ranges from 3 days to 15 days.
