

Telescopic Excavator Digging Sand Soil House Foundation Telescopic Boom

Our Product Introduction

for more products please visit us on excavatorlongarm.com

Basic Information

- Place of Origin: Guangdong China
- Brand Name: Kaiping Zhonghe Machinery
- Certification: CE, patent, ISO
- Model Number: HB0012
- Minimum Order Quantity: 1 set / piece
- Price: USD 130.00-USD6900.00
- Packaging Details: bubble, wooden case
- Delivery Time: 5-35/works
- Payment Terms: T/T, L/C
- Supply Ability: 8 sets per week

Product Specification

- Apply To: 3 Ton - 55 Ton
- Condition: New
- Warranty: 6 Months
- Quality: Premium
- Bucket Capacity: 0.1 Cbm - 1cbm
- Material: Shaogang Q355B
- Digging Depth: 4m, 8m, 10m, 12m
- After-sales Service: Available
- Highlight: Telescopic Excavator Boom,
Digging Sand Soil Telescopic Boom,
House Foundation Telescopic Boom

Product Description

Big Manufacturer of Telescopic Excavator for Digging Sand Soil Silt

Overview of Telescopic Booms for Excavators / Excavator Telescopic:

High-Quality Material of one set of excavator long arm: Made from Shaogang Q355B, superior to standard Q355B materials or alternatives as per your specifications. The material of Shaogang Q355B is a premium steel material.

Enhanced Efficiency: The two main plates of the excavator's sliding boom arm are crafted from a single sheet. A dual oil seal design extends the lifespan of the telescopic arm.

Long Boom Excavator for Sale is suitable apply to: Digging foundation pit, digging sand soil silt gravel

Specifications of one set of long reach arm for excavator:

welcome to send your excavator model to us for double check.

Excavator model(ton)	bucket capacity (cbm)	Maximum Digging Depth(m)
3-4 ton	0.1 cbm	4m
6-8 ton	0.2 cbm	6m
10-12 ton	0.35cbm	8m
20-27 ton	0.5 cbm	10m
30-36 ton	0.6 cbm	12m
50ton	1.2cbm	12m

The double limit design of the sliding cylinder prevents cylinder jolting and over-pulling.

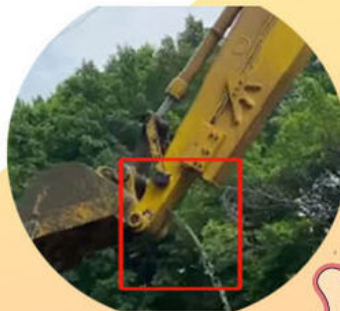

Telescopic cylinder double oil seal design extends the service life of the cylinder

Cover plates are cut from a whole piece but not spliced, to be more firm and not easy to deform.

Built-in wear-resistant plastic slider, Easy to replace and maintain

The tube has leakage holes to reduce water accumulation inside the arm tube, thereby reducing internal corrosion.

Established in 2018, Kaiping Zhonghe Machinery is a combination of manufacturing and trading. Our products, including excavator long reach booms, demolition arms, 2-3 sections telescopic arms, tunnel arms, standard/rock buckets, grapples, and rippers, have been selling well in more than 40 countries and areas.

We are located in Guangdong Province, China. A 18000 m² 50 welding workers with over 7 years experience, 30 senior designers, and a high-tech R&D team (10+ years on customization, 100+ technical patents), strict production system (6+ years quality control and cost control) and warm-hearted service team. Our annual output of various types of excavator boom arms can reach up to 600 sets.

We strive to uphold our core principles of "Merit Quality, Sincerity Management, and Customer Satisfaction".
