

Excavator Shorten Heavy Duty Rock Boom And Arm For Digging Tunnel

Our Product Introduction

for more products please visit us on excavatorlongarm.com

Basic Information

- Place of Origin: China, Guangdong Province
- Brand Name: Kaiping Zhonghe Machinery
- Certification: CE, patent, ISO
- Model Number: SDB0019
- Minimum Order Quantity: 1 set / piece
- Price: USD 132.00-USD4899.00
- Packaging Details: bubble or wooden case
- Delivery Time: 6-35/works
- Payment Terms: T/T, L/C or others as you request
- Supply Ability: 5 sets per week

Product Specification

- Features: Longer Life-span And High Effective
- Apply To: 6ton--50 Ton
- Plate Thickness: Thickened
- Material: Shaogang Q355B
- Suitable Working Condition: Digging Tunnels, House Foundation
- Cylinders: Enlarged Cylinders
- Warranty: 6 Months
- After-sales Service: Available
- Highlight: **Heavy Duty Excavator Shorten Boom, Tunnel Excavator Shorten Boom, Tunnel Excavator Shorten Arm**

Excavator Shorten Heavy Duty Rock Boom and Arm for Heavy Duty Work

Introduction of excavator tunnel arm excavator shorten boom and arm:

Superior Strength: Made from high-quality materials, these components are built to withstand heavy-duty applications without cracking. The metal material of excavator shorten arm shorten boom is Shaogang Q355B, high strength and not easy cracking

Optimized Performance: The design allows for larger buckets and breakers, enhancing productivity and efficiency in excavation.

Reliability: Engineered for rigorous use, the premium tunnel arm and boom provide consistent performance under challenging conditions.

Improved Stability: The reinforced structure ensures stability during operation, reducing the risk of equipment failure.

Excavator Model (ton)	Plate Thickness (mm)	Weight (kgs)
6-8 ton	10mm	590kgs 380kgs
10-15 ton	14mm	1130kgs 900kgs
20-24 ton	16mm	1300kgs 1050kgs
30-36 ton	25mm	2900kgs 2600kgs
45-50 ton	30mm	3200kgs 3000kgs

Welcome to send your excavator model to Aria for double check: Whatsapp [+86 13822325403](https://wa.me/8613822325403)

Beveling Machine
Every board will be beveled before being welded which enhances the weld bead

Panel is cut by CNC plasma machine with less deformation

Large floor-standing double-sided boring machine
Higher accuracy

Feedback from Clients

from Shonn:
very good tunnel boom.
equip my breaker perfect

from Tonny:
the boom is strong.
excellent performance

WIA: +86 13822325403

from Mike:
safe and high-effective
very nice

from Tommy:
the boom works very
good. strong

[More about Factory Show:](#)

Established in 2018, Kaiping Zhonghe Machinery is a combination of manufacturing and trading. Our products, including excavator long reach booms, demolition arms, 2-3 sections telescopic arms, tunnel arms, standard/rock buckets, grapples, and rippers, have been selling well in more than 40 countries and areas.

We are located in Guangdong Province, China. A 18000 m² 50 welding workers with over 7 years experience, 30 senior designers, and a high-tech R&D team (10+ years on customization, 100+ technical patents), strict production system (6+ years quality control and cost control) and warm-hearted service team. Our annual output of various types of excavator boom arms can reach up to 600 sets.

We strive to uphold our core principles of "Merit Quality, Sincerity Management, and Customer Satisfaction".
