

Enhanced Excavator Telescopic Arm With Standard Bucket For Digging Soil

Our Product Introduction

for more products please visit us on excavatorlongarm.com

Basic Information

- Place of Origin: China, Guangdong Province
- Brand Name: Kaiping Zhonghe Machinery Manufacturing Co. Ltd
- Certification: CE, patent, ISO
- Model Number: HB009
- Minimum Order Quantity: 1 set / piece
- Price: USD 6999.00-USD9999.00
- Packaging Details: bubble / wooden cases
- Delivery Time: 4-35/works
- Payment Terms: T/T, L/C
- Supply Ability: 8 sets per week

Product Specification

- Features: Telescopic
- Key Word: Excavator Sliding Arm Excavator Telescopic Arm
- Working Efficiency: High Effective
- Suitable Excavators: All Brands
- Length(m): 12M 16M
- Working Conditions: Digging Sand Soil Silt Gravel
- Highlight: **Enhanced Excavator Telescopic Arm, Digging Soil Excavator Telescopic Arm, Standard Bucket Excavator Telescopic Arm**

Product Description

Kaiping Zhonghe Machinery's Excavator Telescopic Arm with Better Welding with Lower Fail Rate

Kaiping Zhonghe Machinery's excavator telescopic arm is engineered to be premium, reflecting a commitment to superior quality and performance. Every detail, from the initial design to the final assembly, is carefully considered to ensure exceptional durability and reliability. This dedication to excellence results in an excavator telescopic arm that exceeds expectations and delivers unmatched value to construction professionals.

A key factor contributing to the longevity and dependability of Kaiping Zhonghe Machinery's excavator telescopic arm is the enhanced welding process. By employing advanced welding techniques and utilizing high-quality materials, the welds are significantly strengthened, minimizing the risk of failure and extending the overall service life-span of the arm. This robust construction ensures that the telescopic arm can withstand the rigors of demanding construction environments, providing years of reliable performance.
