

16M Excavator Section Telescopic Arm For Hitachi Komatsu Cat Sany

Our Product Introduction

Basic Information

- Place of Origin: Guangdong Province, China
- Brand Name: Kaiping Zhonghe Machinery Manufacturing Co. Ltd
- Certification: CE, patent, ISO
- Model Number: HB007
- Minimum Order Quantity: 1 set / piece
- Price: USD 149.00-USD5999.00
- Packaging Details: bubble / wooden cases
- Delivery Time: 4-23/works
- Payment Terms: T/T, L/C
- Supply Ability: 7 sets per week

Product Specification

- Material: Famous Brand--Shaogang Q355B
- Telescopic Cylinder: High-quality
- Steel Quality: High Quality
- Welding Wire: Premium Welding Wire
- Digging Depth(m): 12m 16m
- Suitable Excavator: 20 Ton 30ton 35ton 55ton
- Highlight: Sany Excavator Telescopic Arm,
16M Excavator Telescopic Arm,
Hitachi Komatsu Cat Sany Telescopic Arm

Product Description

Telescopic Arm for Excavator Suitable for Digging at Narrow Places

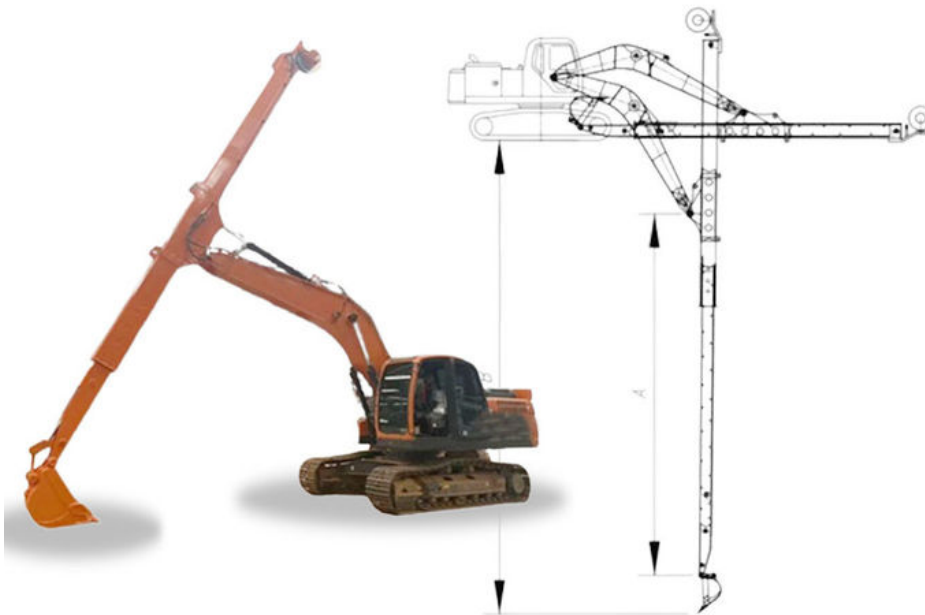

Kaiping Zhonghe Machinery's telescopic boom excavator is exceptionally well-suited for digging in narrow spaces, where maneuverability and precision are essential. Its innovative design allows operators to effectively reach confined areas without compromising performance. This capability makes it an ideal choice for urban construction sites or locations with limited access, where traditional excavators may struggle to operate efficiently.

The long cylinder of the telescopic boom is crafted from high-quality materials and features a premium double oil seal design. This design significantly reduces the risk of oil leakage, ensuring that the excavator operates smoothly and efficiently over extended periods. By minimizing maintenance concerns related to oil leaks, operators can focus on their tasks, confident that their equipment will perform reliably even in the most challenging conditions.

Other recommendation of telescopic arm for excavators:
