

10M 12M Excavator Section Telescopic Arm with Cylinder Long Reach

Our Product Introduction

Basic Information

- Place of Origin: Guangdong Province, China
- Brand Name: Kaiping Zhonghe Machinery Manufacturing Co. Ltd
- Certification: CE, patent, ISO
- Model Number: HB008
- Minimum Order Quantity: 1 set / piece
- Price: USD 149.00-USD5999.00
- Packaging Details: bubble / wooden cases
- Delivery Time: 5-25/works
- Payment Terms: T/T, L/C
- Supply Ability: 5 sets per week

Product Specification

- Material: Q355B
- Color: Red, Yellow, Blue
- Warranty: 6 Months
- Suitable Excavators: Cat Hitachi Komatsu Sany Zoomlion
- Digging Depth(m): 8m 10m 12m 14m 16m
- Quality: High Quality

Product Description

Big Manufacturer of Excavator Telescopic Arm Precision Production

Introduction of Excavator Section Telescopic Arm:

The premium telescopic arm excavator functions highly effectively in construction tasks, providing remarkable reach and adaptability for a variety of applications. Its cutting-edge design facilitates smooth extension and retraction, allowing operators to navigate difficult spaces and execute precise movements. This feature is especially advantageous for projects that involve deep digging. Built with durable materials and equipped with advanced hydraulic systems, the telescopic arm is capable of lifting heavy loads while ensuring stability and control. Consequently, this machinery greatly improves productivity and efficiency on construction sites, making it an essential tool for industry professionals.

Working condition of one set of telescopic boom excavator:

Digging foundation pit, house foundation, narrow places.

Feedback of excavator telescopic boom from clients:

Feedback from Clients

from Tonny:
Very excellent telescopic boom.
on my pc 200 excavator suitably.

from Jason:
cool, the telescopic boom
works effectively. suitable for
digging.

from David:
very nice service.
The boom works very good.
safe and balanced operation

from Kevin:
suitable for digging caisson.
save energy.

whatsapp: 0086 13822325403

Some excellent design of our hydraulic telescoping excavator:

Excellent design of hydraulic telescoping excavator boom which prolonger the service life-span and lessen the fail rate.

Strews
Available

its easy for the
pipeline jumps
up, causing
damage to the
pipeline.

Welded on, less
vibration and
longer service
life.

Double limit design
reduces cylinder over pulling
and jitter

Huge vibration
cylinder easy to fail

Double limit design:
reduces cylinder over pulling
and jitter
longer service life-span

Thicken
Reduce cracking and failure rate

Longer service life-span

Easy to fail and crack
