

BS900E Excavator Telescopic Arm Premium Material Telescopic

Our Product Introduction

for more products please visit us on excavatorlongarm.com

Basic Information

- Place of Origin: Guangdong Province, China
- Brand Name: Kaiping Zhonghe Machinery Manufacturing Co. Ltd
- Certification: CE, patent, ISO
- Model Number: SSB009
- Minimum Order Quantity: 1 set / piece
- Price: USD 119.00-USD8999.00
- Packaging Details: bubble / wooden cases / others as you request
- Delivery Time: 5-20/works
- Payment Terms: T/T, L/C or others as you request
- Supply Ability: 5 sets per week

Product Specification

- Attachments: Bucket / Clamshell Bucket / Grapple / Grab
- Warranty: 6 Months For The Arm, 3 Moths For The Bucket
- Material: BS900E, Lighter And Stronger
- Welding: Premium Welding
- Wire Rope: High Quality Wire Rope Muti-strand
- Digging Depth(m): 20m 25m 30m 32m
- Highlight: **BS900E Telescopic Arm, Excavator Telescopic Arm, Premium Material Telescopic Arm**

Product Description

Telescopic Arm for Excavator with One Clamshell Bucket Used in Construction

Introduction of Kaiping Zhonghe Machinery's premium and high effective telescopic arm

Kaiping Zhonghe Machinery's excavator telescopic arm is a highly effective tool in the construction industry, providing exceptional versatility and efficiency for a wide range of tasks. Its extendable design enables operators to access hard-to-reach areas effortlessly, making it perfect for activities like digging, lifting, and accurate positioning. The durable construction guarantees consistent performance, even in tough working conditions, which enhances overall productivity on construction sites. With its cutting-edge features and ease of use, this telescopic arm has become indispensable for contractors aiming to enhance their equipment capabilities and deliver outstanding results in their projects.

Specification of one set excavator teledipper :

Welcome to send your excavator model to us for double check. Whatsapp: [+86 13822325403](https://wa.me/8613822325403)

Material: BS900E lighter and stronger

Pulley: Enlarge Pulley

Bearing: Enlarge Bearing

Digging Depth(m)	Excavator Model(ton)	Bucket Capacity(cbm)
26-30m	36-50T	1.5
		1.5

	40-50T	2.2
31-32m	40-50T	2.2
		2.5

Production of one set hydraulic telescoping excavator boom:

High Precision Professional *High Effective *Longer service life-span *High Effective

Panel is cut by CNC
plasma machine with
less deformation

Large floor-standing
double-sided boring
machine
Higher accuracy

Beveling Machine
Every board will be
beveled before being
welded which enhances
the weld bead

Full Tests---Every Procedure is under strict supervision 每道工序都是在严格监督下进行

Assembly inspection 安装检测

Weld flaw detection

Make sure premium welding and not easy cracking

焊道探伤检测--确保优质的焊道和不容易开裂

Regular Testing 常规检测

Modetails of our hydraulic telescopic arm with clamshell bucket:

High-speed Heavy-load Bearings

The bearings are high-speed heavy-load bearings, and the bearings use larger diameters to withstand greater loads.

Double oil seal design prevents hydraulic oil from leaking, prolongs the service life of the cylinder

Clamshell bucket adopts double cylinders---less failure rate easy maintenance, not easy leak oil

1.2 Details of Three-section telescopic arm 三段式伸缩臂细节

The external hose pulley separates the hose from the wire rope, avoids the friction between the wire rope and the hose, reduces failures, and makes maintenance more convenient

Centralized lubrication system --easy for later maintenance

Stop valve - easy to replace attachments lessen oil leakage

Premium Wire Rope

Xianyang Baoshi Rotary wire rope--can bear larger tension and impact

Multi-strand Wire Rope

The inner core of the wire rope is a steel core, which has higher tensile strength.

MC Steel

The pulley is made of MC steel, which has the same hardness as steel, but is light and wear-resistant. The wheel diameter is enlarged to withstand greater loads.

Top Picks which is hot-sale:

Pile Arm Pile Boom

Long Arm Long Boom

Sliding Arm

Tunnel Arm / Shorten Arm
