

Grapple Excavator Telescopic Arm Digging Deeper Long Reach 30M

Our Product Introduction

for more products please visit us on excavatorlongarm.com

Basic Information

- Place of Origin: Guangdong Province, China
- Brand Name: Kaiping Zhonghe Machinery Manufacturing Co. Ltd
- Certification: CE, patent, ISO
- Model Number: SSB008
- Minimum Order Quantity: 1 set / piece
- Price: USD 119.00-USD8999.00
- Packaging Details: bubble / wooden cases / others as you request
- Delivery Time: 5-20/works
- Payment Terms: T/T, L/C or others as you request
- Supply Ability: 5 sets per week

Product Specification

- Attachments: Bucket / Clamshell Bucket / Grapple
- Warranty: 6 Months For The Telescopic Arm And Cylinder
- Material: BS900E, Lighter And Stronger
- Welding: Premium Welding
- Digging Depth(m): 20m 25m 30m 32m
- Wire Rope: Good Quality Wire Rope Multi-strand
- Highlight: **Grapple Excavator Telescopic Arm, Long Reach Telescopic Dipper Arm, 30M Telescopic Dipper Arm**

Product Description

BS900E Lighter Stronger Telescopic Excavator with Grapple / Clamshell Bucket

Instruction of one set of telescopic excavator:

Suitable for various excavators from 20ton to 55ton excavators.

Working condition of one set of telescopic excavator: digging house foundation, foundation pit, etc.

Highlightes of Kaiping Zhonghe Machinery'ss telescopic excavator:

Kaiping Zhonghe Machinery's telescopic excavator is an exceptional piece of equipment designed specifically for construction work, combining versatility and efficiency. With its extendable arm, it allows for enhanced reach and precision, making it ideal for various tasks such as digging, lifting, and material handling in tight spaces. The excavator's robust build ensures durability under challenging conditions, while its advanced hydraulic system provides smooth operation and quick response times. This makes it a valuable asset for construction sites, enabling operators to tackle projects with confidence and improving overall productivity.

Specification of one set telescopic arm usually use to crawler excavator:

Welcome to send your excavator model to us for double check. Whatsapp: [+86 13822325403](https://wa.me/8613822325403)

Digging Depth(m)	Excavator Model(ton)	Bucket Capacity(cbm)
26-30m	36-50T	1.5
		1.5
		2
		2
		2.2
		2.2
31-32m	40-50T	2.2
		2.2
		2.5

Production of one set telescopic excavator boom:

* Professional *High Precision *High Effective *Longer service life-span

Panel is cut by CNC
plasma machine with
less deformation

Large floor-standing
double-sided boring
machine
Higher accuracy

Beveling Machine
Every board will be
beveled before being
welded which enhances
the weld bead

Full Tests---Every Procedure is under strict supervision 每道工序都是在严格监督下进行

Assembly inspection 安装检测

Weld flaw detection

Make sure premium welding and not easy cracking

焊道探伤检测--确保优质的焊道和不容易开裂

Regular Testing 常规检测

Modetails of telescopic excavator boom:

High-speed Heavy-load Bearings

The bearings are high-speed heavy-load bearings, and the bearings use larger diameters to withstand greater loads.

Double oil seal design prevents hydraulic oil from leaking, prolongs the service life of the cylinder

Clamshell bucket adopts double cylinders---less failure rate easy maintenance, not easy leak oil

1.2 Details of Three-section telescopic arm 三段式伸缩臂细节

The external hose pulley separates the hose from the wire rope, avoids the friction between the wire rope and the hose, reduces failures, and makes maintenance more convenient

Centralized lubrication system --easy for later maintenance

Stop valve - easy to replace attachments lessen oil leakage

Premium Wire Rope

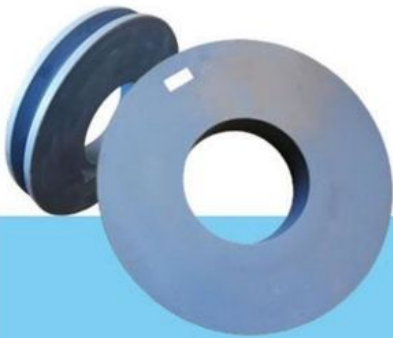

Xianyang Baoshi Rotary wire rope--can bear larger tension and impact

Multi-strand Wire Rope

The inner core of the wire rope is a steel core, which has higher tensile strength.

MC Steel

The pulley is made of MC steel, which has the same hardness as steel, but is light and wear-resistant. The wheel diameter is enlarged to withstand greater loads.

Examples of our telescopic excavator:

30m for ZX490

4. Examples

2 sets of 25m three-section telescopic arm

for Dossan 530

Top Picks from Kaiping Zhonghe Machinery:

Pile Arm Pile Boom

Long Arm Long Boom

Sliding Arm

Tunnel Arm / Shorten Arm

Contact Details of our sales manager: Aria:

Kaiping Zhonghe Machinery is a big Manufacturer of Excavator Arms and Booms

Key word: excavator long reach arm, excavator telescopic arm, excavator pile arm pile boom, excavator demolition arm, etc.

Welcome to contact for a big discount!
