

Excavator Telescopic Arm Material BS900E Wire Rope Muti Strand For Attachments

Our Product Introduction

for more products please visit us on excavatorlongarm.com

Basic Information

- Place of Origin: Guangdong Province, China
- Brand Name: Kaiping Zhonghe Machinery
- Certification: CE, patent, ISO
- Model Number: SSB009
- Minimum Order Quantity: 1 set / piece
- Price: USD 189.00-USD9999.00
- Packaging Details: bubble / wooden cases / others as you request
- Delivery Time: 5-20/works
- Payment Terms: T/T, L/C or others as you request
- Supply Ability: 5 sets per week

Product Specification

- Warranty: 6 Months For The Telescopic Arm And Cylinder
- Attachments: Bucket / Clamshell Bucket / Grapple
- Wire Rope: Good Quality Wire Rope Muti-strand
- Welding: Premium Welding
- Digging Depth(m): 18m 20m 25m 30m 32m
- Material: BS900E, Lighter And Stronger
- Highlight: **Muti Strand Telescopic Arm, Muti-strand Telescopic Arm, Attachments Excavator Telescopic Arm**

4. Examples

2 sets of 25m three-section telescopic arm

for Dossan 530

Product Description

BS900E Lighter Stronger Telescopic Arm for Excavator with Grapple / Clamshell Bucket

Instruction of one set of telescopic arm for excavator:

Suitable for various excavators from 20ton to 55ton excavators. suitable for: cat hitachi komatsu sany zoomlion

Working condition of one set of telescopic arm for excavator: digging house foundation, foundation pit, etc.

Highlightes of Kaiping Zhonghe Machinery's telescopic arm for excavator:

Kaiping Zhonghe Machinery's telescopic arm for excavator is an exceptional piece of equipment designed specifically for construction work, combining versatility and efficiency. With telescopic arm for excavator's extendable arm, it allows for enhanced reach and precision, making telescopic arm for excavator ideal for various tasks such as digging, lifting, and material handling in tight spaces. The telescopic arm for excavator's robust build ensures durability under challenging conditions, while its advanced hydraulic system provides smooth operation and quick response times. This makes telescopic arm for excavator a valuable asset for construction sites, enabling operators to tackle projects with confidence and improving overall productivity.

Specification of one set telescopic arm for excavator

Welcome to send your excavator model to us for double check. Whatsapp: [+86 13822325403](https://wa.me/8613822325403)

Digging Depth(m)	Excavator Model(ton)	Bucket Capacity(cbm)

4. Examples

2 sets of 25m three-section telescopic arm

for Dossan 530

Production of one set **telescopic arm for excavator**:

* Professional *High Quality *High Precision *High Effective *Longer service life-span

Panel is cut by CNC
plasma machine with
less deformation

Large floor-standing
double-sided boring
machine
Higher accuracy

Beveling Machine
Every board will be beveled before being welded which enhances the weld bead

Full Tests---Every Procedure is under strict supervision 每道工序都是在严格监督下进行

Assembly inspection 安装检测

Weld flaw detection

Make sure premium welding and not easy cracking
焊道探伤检测--确保优质的焊道和不容易开裂

Regular Testing 常规检测

Modetails of telescopic arm for excavator:

* Long reach *High effective *Work smoothly *Longer service life-span

30m for ZX490

High-speed Heavy-load Bearings

The bearings are high-speed heavy-load bearings, and the bearings use larger diameters to withstand greater loads.

Double oil seal design prevents hydraulic oil from leaking, prolongs the service life of the cylinder

Clamshell bucket adopts double cylinders---less failure rate easy maintenance, not easy leak oil

1.2 Details of Three-section telescopic arm

三段式伸缩臂细节

The external hose pulley separates the hose from the wire rope, avoids the friction between the wire rope and the hose, reduces failures, and makes maintenance more convenient

Centralized lubrication system
--easy for later maintenance

Stop valve - easy to replace
attachments
lessen oil leakage

Premium Wire Rope

Xianyang Baoshi Rotary wire rope--can bear larger tension and impact

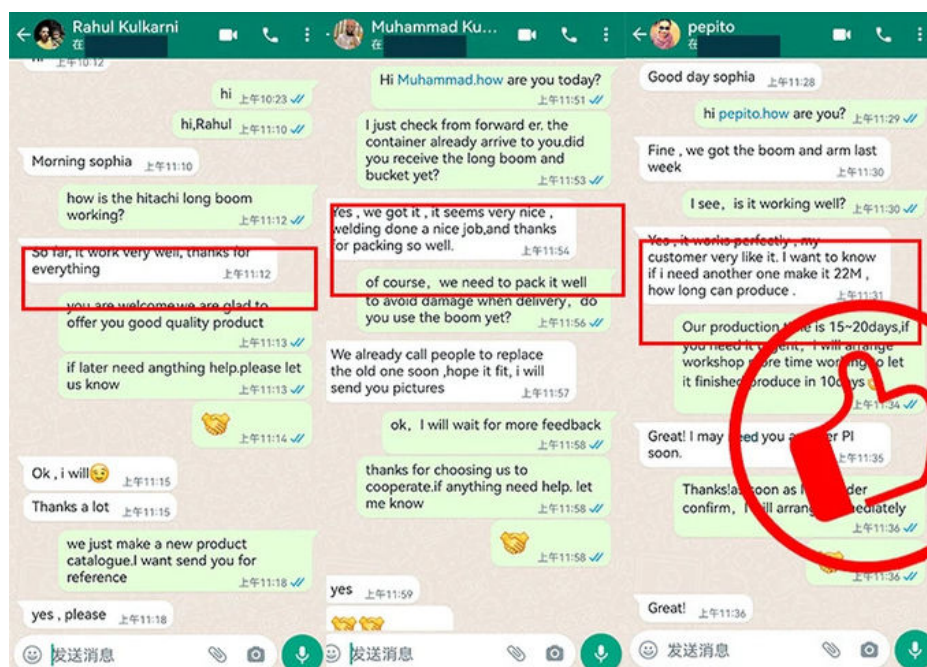

Multi-strand Wire Rope

The inner core of the wire rope is a steel core, which has higher tensile strength.

Feedback of telescopic excavator from clients:

Top Picks from Kaiping Zhonghe Machinery:

Long Arm Long Boom

Sliding Arm

Tunnel Arm / Shorten Arm

Contact Details of our sales manager: Aria:

Kaiping Zhonghe Machinery is a big Manufacturer of Excavator Arms and Booms

Key word: excavator long reach arm, excavator telescopic arm, excavator pile arm pile boom, excavator demolition arm, etc.

Welcome to contact for a big discount!
