

## 30M 32M Digging Depth Long Reach Excavator Telescopic Arm BS900E

Our Product Introduction

for more products please visit us on excavatorlongarm.com

### Basic Information

- Place of Origin: Guangdong Province, China
- Brand Name: Kaiping Zhonghe Machinery Manufacturing Co. Ltd
- Certification: CE, patent, ISO
- Model Number: SSB0071
- Minimum Order Quantity: 1 set / piece
- Price: USD 119.00-USD8999.00
- Packaging Details: bubble / wooden cases / others as you request
- Delivery Time: 5-20/works
- Payment Terms: T/T, L/C or others as you request
- Supply Ability: 5 sets per week

### Product Specification

- Warranty: 6 Months For The Telescopic Arm And Cylinder
- Material: BS900E, Lighter And Stronger
- Welding: Premium Welding, Flaw Detection
- Digging Depth(m): 18m 20m 25m 30m 32m
- Attachments: Bucket / Clamshell Bucket / Grapple
- Wire Rope: Good Quality Wire Rope Multi-strand
- Highlight: **30M Excavator Telescopic Arm,  
32M Excavator Telescopic Arm,  
Long Reach Excavator Telescopic Arm**

#### 4. Examples

2 sets of 25m three-section telescopic arm

## Product Description

### Mutiple-strand Stronger Telescopic Excavator with Grapple / Clamshell Bucket

#### Instruction of one set of excavator telescopic boom sliding arm:

Suitable for various excavators from 20ton to 55ton excavators.

Suitable excavator brand: sany hitachi komatsu zoomlion etc

**Working condition of one set of excavator telescopic boom sliding arm** digging house foundation, foundation pit, etc.

#### Highlightes of Kaiping Zhonghe Machinery's excavator telescopic boom sliding arm:

Kaiping Zhonghe Machinery's telescopic excavator is a versatile tool that excels in construction work, offering unparalleled adaptability for a variety of tasks. Its extendable arm allows operators to reach challenging spots and perform activities such as digging, lifting, and transporting materials with ease. Designed for efficiency, this excavator can navigate tight spaces while maintaining robust performance, making it an invaluable asset on any construction site. Its combination of strength and flexibility enables workers to complete projects more effectively, ensuring that deadlines are met without compromising on quality.

#### Specification of one set excavator telescopic boom sliding arm:

Welcome to send your excavator model to us for double check. Whatsapp: [+86 13822325403](https://wa.me/8613822325403)

Digging Depth(m)	Excavator Model(ton)	Bucket Capacity(cbm)
26-30m	36-50T	1.5
		1.5
		2
		2
		2.2
		2.2
	40-50T	2.2
31-32m	40-50T	2.2
		2.5

Production of one set **excavator telescopic boom sliding arm**:

Panel is cut by CNC  
plasma machine with  
less deformation

Large floor-standing  
double-sided boring  
machine  
Higher accuracy

Beveling Machine  
Every board will be  
beveled before being  
welded which enhances  
the weld bead

Full Tests---Every Procedure is under strict supervision 每道工序都是在严格监督下进行

Assembly inspection 安装检测

**Weld flaw detection**

Make sure premium welding and not easy cracking

焊道探伤检测--确保优质的焊道和不容易开裂

Regular Testing 常规检测

Modetails of excavator telescopic boom sliding arm:

## High-speed Heavy-load Bearings

The bearings are high-speed heavy-load bearings, and the bearings use larger diameters to withstand greater loads.

Double oil seal design prevents hydraulic oil from leaking, prolongs the service life of the cylinder

Clamshell bucket adopts double cylinders---less failure rate easy maintenance, not easy leak oil

## 1.2 Details of Three-section telescopic arm 三段式伸缩臂细节

The external hose pulley separates the hose from the wire rope, avoids the friction between the wire rope and the hose, reduces failures, and makes maintenance more convenient

Centralized lubrication system --easy for later maintenance

Stop valve - easy to replace attachments lessen oil leakage

## Premium Wire Rope

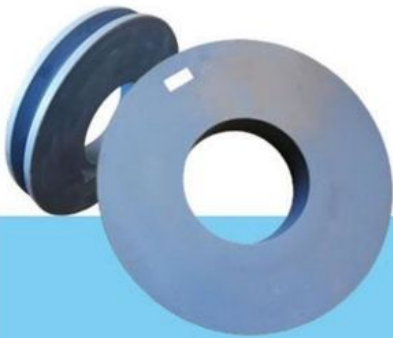

Xianyang Baoshi Rotary wire rope--can bear larger tension and impact

## Multi-strand Wire Rope

The inner core of the wire rope is a steel core, which has higher tensile strength.

## MC Steel

The pulley is made of MC steel, which has the same hardness as steel, but is light and wear-resistant. The wheel diameter is enlarged to withstand greater loads.

Examples of our excavator telescopic boom sliding arm:

30m for ZX490

#### 4. Examples

2 sets of 25m three-section telescopic arm

for Dossan 530

Top Picks from Kaiping Zhonghe Machinery' excavator arms and booms:

Pile Arm Pile Boom

Long Arm Long Boom

Sliding Arm

Tunnel Arm / Shorten Arm

Contact Details of our sales manager--- Aria:

Kaiping Zhonghe Machinery is a big Manufacturer of Excavator Arms and Booms

Key word: excavator long reach arm, excavator telescopic arm, excavator pile arm pile boom, excavator demolition arm, etc.

Welcome to contact for a big discount!
