

Excavator Tunnel Arm For Sale Use Premium Material Use In Mining

Our Product Introduction

for more products please visit us on excavatorlongarm.com

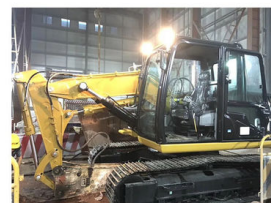

Basic Information

- Place of Origin: Guangdong Province, China
- Brand Name: Kaiping Zhonghe Machinery Manufacturing Co. Ltd
- Certification: CE, patent, ISO
- Model Number: SDB005
- Minimum Order Quantity: 1 set / piece
- Price: USD 2000.00-USD9000.00
- Packaging Details: bubble / wooden cases / others as you request
- Delivery Time: 5-20/working days
- Payment Terms: T/T, L/C
- Supply Ability: 5 sets per week

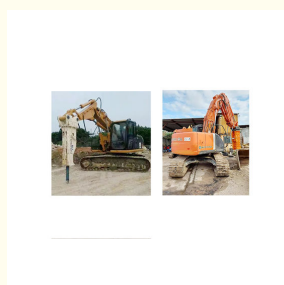

Product Specification

- Features: Heavy Duty
- Warranty: 6 Months For Arm And Boom, 3 Months For Bucket
- Working Condition: Digging Tunnel, Hard Rock
- Suitable Excavators: 6ton - 60ton
- Material: Q355B Or Others As You Request
- Connectors: High Quality Connectors
- Highlight: **Tunnel Arm Excavator, Premium Material Excavator Tunnel Arm, Mining Excavator Tunnel Arm**

Product Description

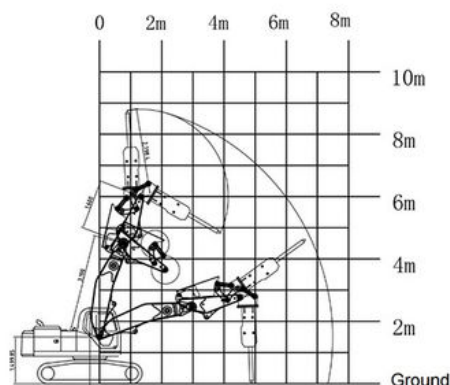

Big Manufacturer of excavator shorten boom and arm Use Q355B Q690D

Introduction of Kaiping Zhonghe Machinery's excavator tunnel arm/ shorten arm :

Presenting Kaiping Zhonghe Machinery's excavator shorten boom and arm, engineered to boost the versatility and efficiency of your excavator. These specialized attachments enhance maneuverability in confined areas, making them perfect for urban construction and excavation tasks. Made from top-grade materials, our shorten boom and arm provide outstanding durability and performance, capable of handling tough work conditions. With an emphasis on precision and dependability, Kaiping Zhonghe Machinery delivers solutions tailored to the demands of professionals in the construction and mining sectors. Upgrade your excavator now and see the transformation!

Specification of one set of excavator tunnel arm/ shorten arm:

Excavator Model(ton)	Thickness of steel board(mm)
6-8T	10mm
10T-15T	14mm
20-24T	16mm
30-36T	25mm
45-50T	30mm

Welcome to send your excavator model to us for double check. Whatsapp [+86 13822325403](https://wa.me/8613822325403)

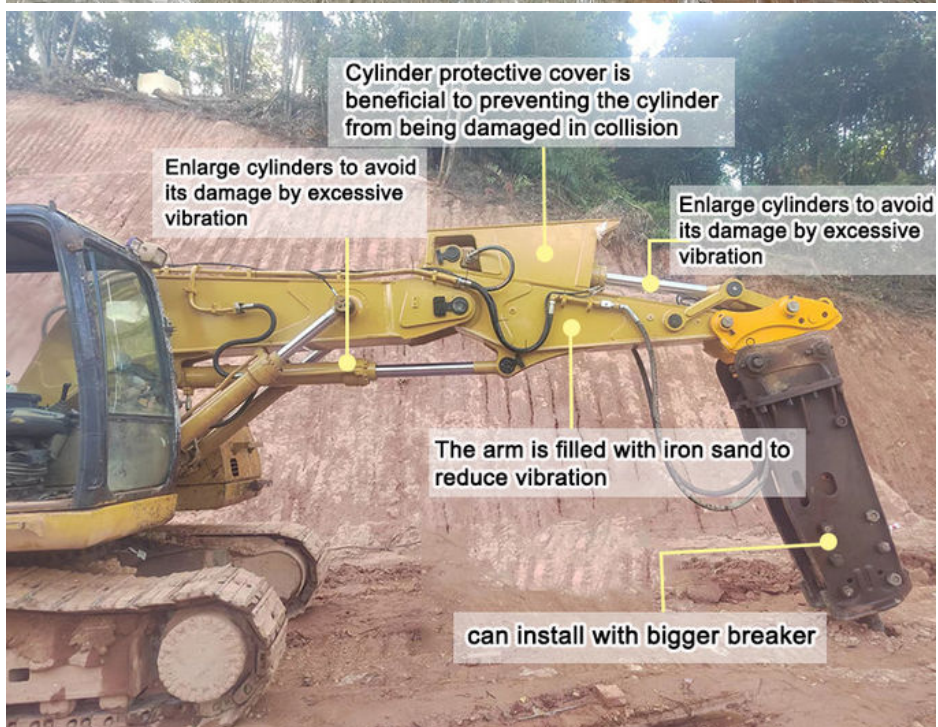

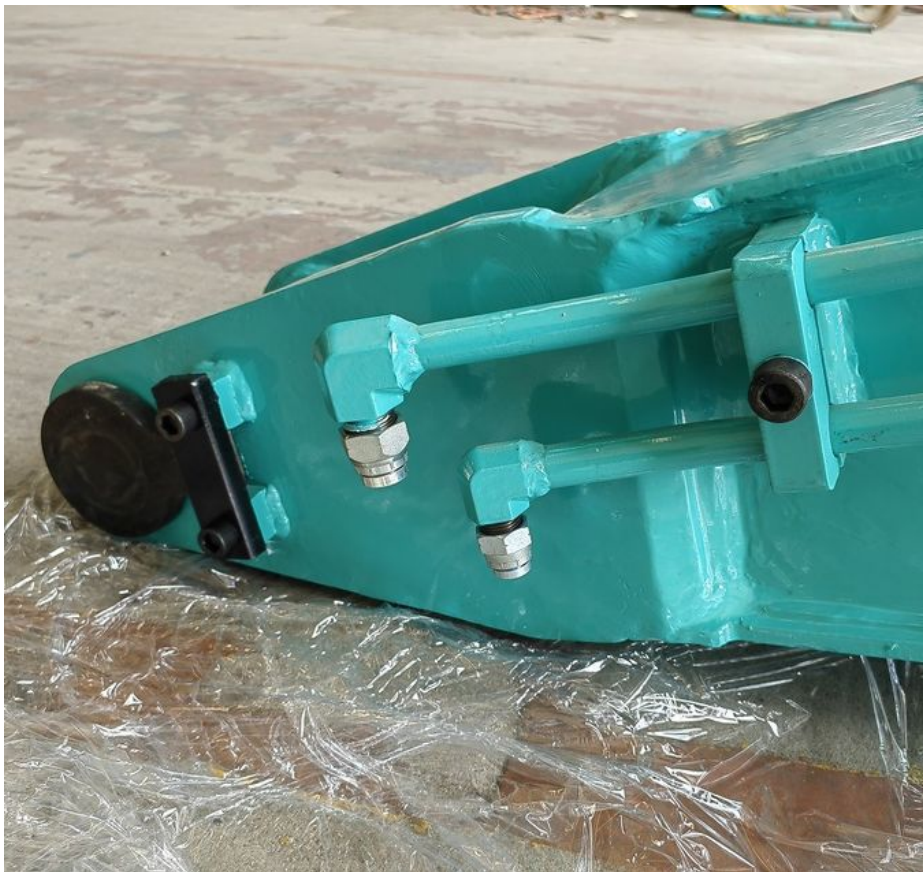

Details of one set of excavator tunnel arm/ shorten arm:

*high effective *heavy duty *longer service life-span *big machine *better welding performance
*better design

Production details of one set of excavator tunnel arm/ shorten arm:

Panel is cut by CNC
plasma machine with
less deformation

Large floor-standing
double-sided boring
machine
Higher accuracy

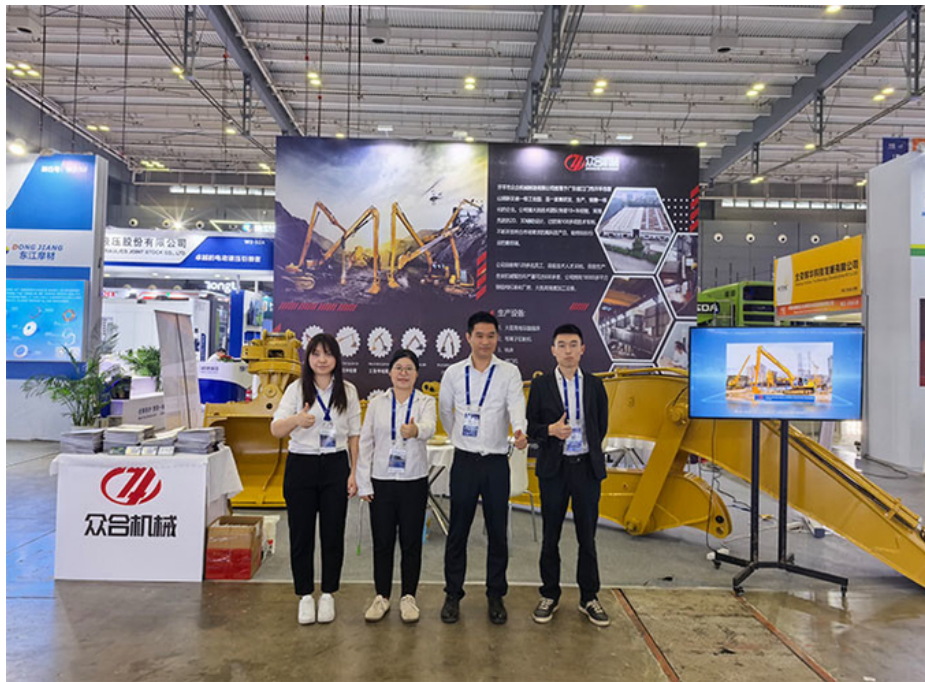

Beveling Machine
Every board will be
beveled before being
welded which enhances
the weld bead

Kaiping Zhonghe Machinery's excavator tunnel arm/ shorten arm:

*ever 8 years in designing and producing excavator tunnel arm/ shorten arm *professional *experienced

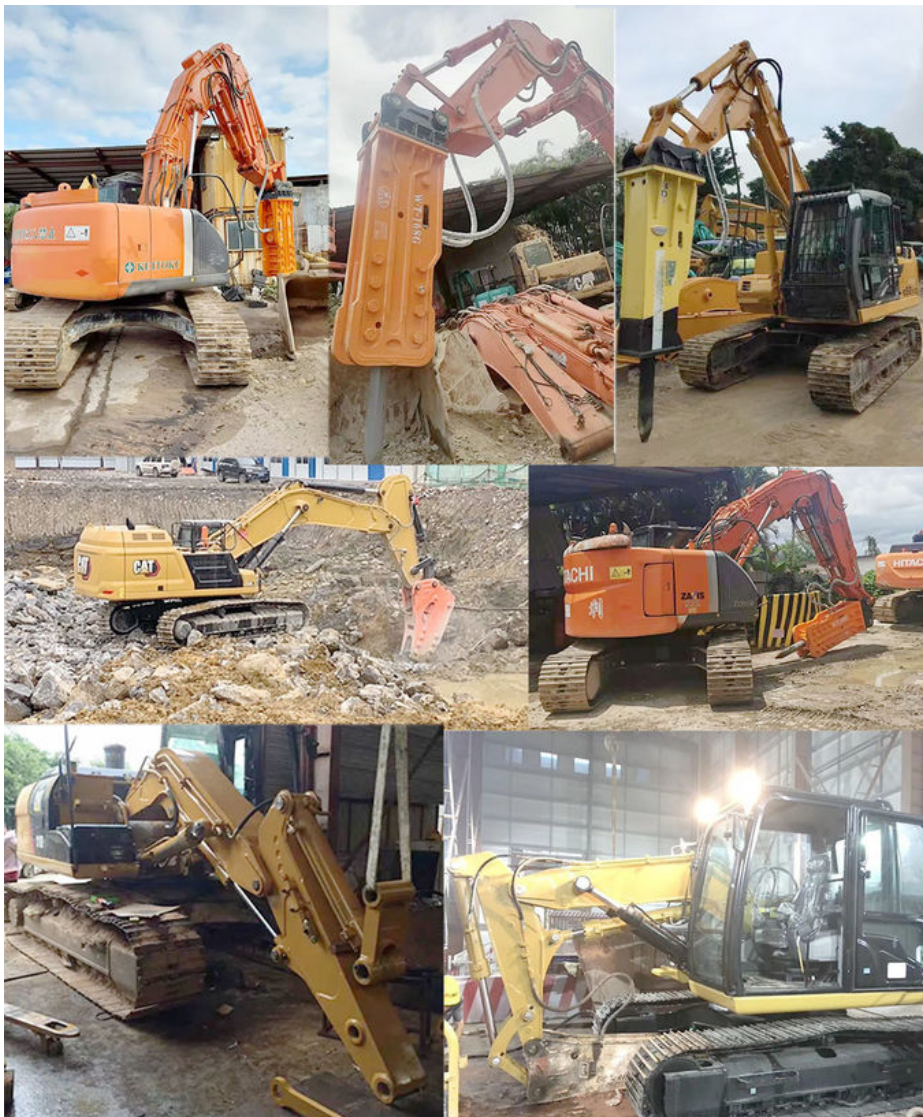

Certifications:

Feedback from clients of excavator tunnel arm/ shorten arm:
