

Excavator Tunnel Arm For Sale With Breaker Heavy Duty Longer Service Life-span

Our Product Introduction

for more products please visit us on excavatorlongarm.com

Basic Information

- Place of Origin: Guangdong Province, China
- Brand Name: Kaiping Zhonghe Machinery Manufacturing Co. Ltd
- Certification: CE, patent, ISO
- Model Number: SDB003
- Minimum Order Quantity: 1 set / piece
- Price: USD 2300.00-USD9000.00
- Packaging Details: bubble / wooden cases / others as you request
- Delivery Time: 5-20/working days
- Payment Terms: T/T, L/C
- Supply Ability: 5 sets per week

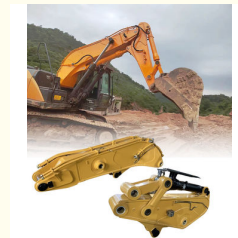

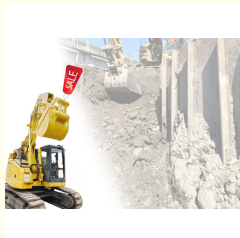

Product Specification

- Features: Heavy Duty
- Warranty: 6 Months For Arm Boom, 3 Months For Bucket
- Connectors: High Quality Connectors
- Suitable Excavators: 6ton - 60ton
- Working Condition: Digging Tunnel, Hard Rock, Hard Sand
- Material: Q355B Or Others As You Request
- Highlight: Longer Life Excavator Tunnel Arm, Breaker Excavator Tunnel Arm, Heavy Duty Excavator Tunnel Arm

Product Description

Big Manufacturer of Excavator Tunnel Arm Use Q355B Q690D

Introduction of Kaiping Zhonghe Machinery's excavator tunnel arm oil cylinder :

Introducing Kaiping Zhonghe Machinery's excavator shorten heavy-duty rock boom and arm, engineered for optimal performance in the most challenging conditions. Designed specifically for heavy-duty applications, this robust attachment enhances your excavator's capability to handle tough rock and earth materials with ease. The shorten design improves maneuverability in confined spaces, making it ideal for mining and construction projects. Crafted from high-strength materials, our rock boom and arm ensure exceptional durability and reliability. Trust Kaiping Zhonghe Machinery to provide the powerful

Our Product

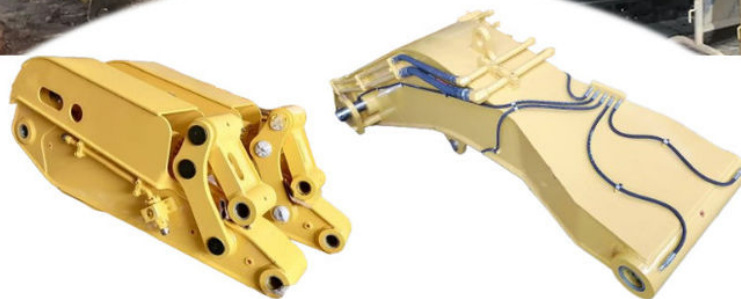

solutions you need to tackle demanding tasks efficiently. Upgrade your excavator today and maximize your productivity!

Specification of one set of excavator tunnel arm:

Excavator Model(ton)	Thickness of steel board(mm)
6-8T	10mm
10T-15T	14mm
20-24T	16mm
30-36T	25mm
45-50T	30mm

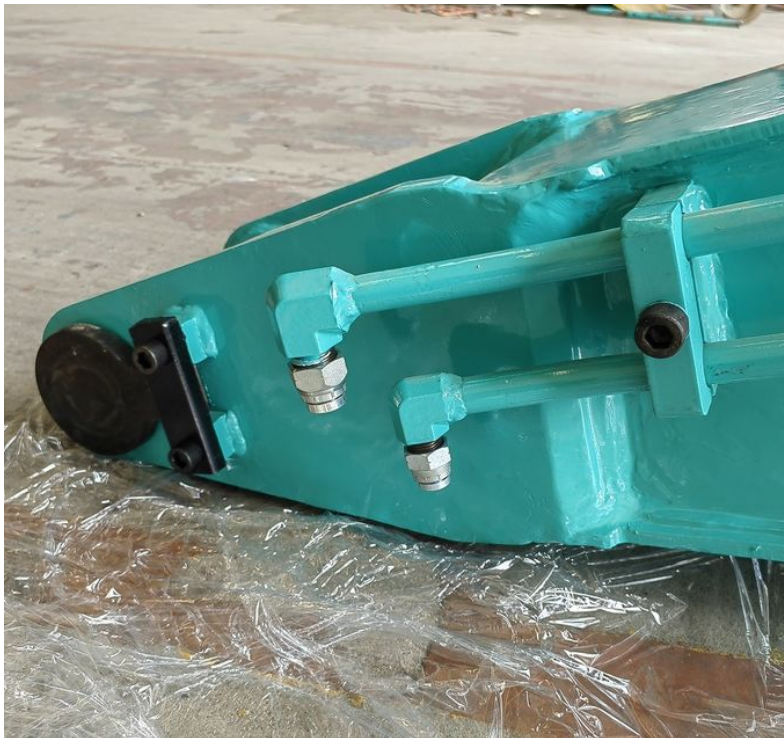

Welcome to send your excavator model to us for double check. Whatsapp [+86 13822325403](https://wa.me/8613822325403)

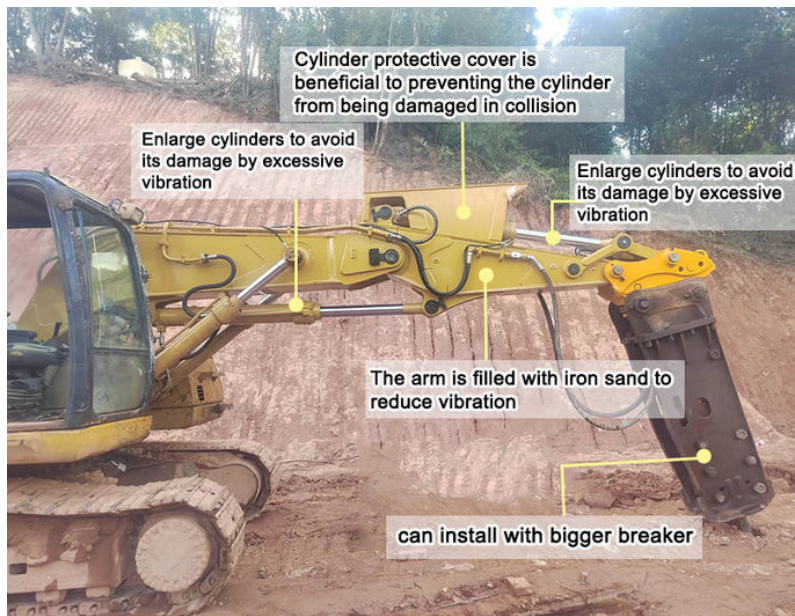

Details of one set of excavator tunnel arm:

- * Material: Shaogang Q355B / Q690D, stronger
- * Welding: high quality welding and not easy cracking
- * Enhanced design: the places which bear huge stress are enhanced and improved
- * Connectors: thickened connectors

Production details of one set of excavator tunnel arm:

Panel is cut by CNC
plasma machine with
less deformation

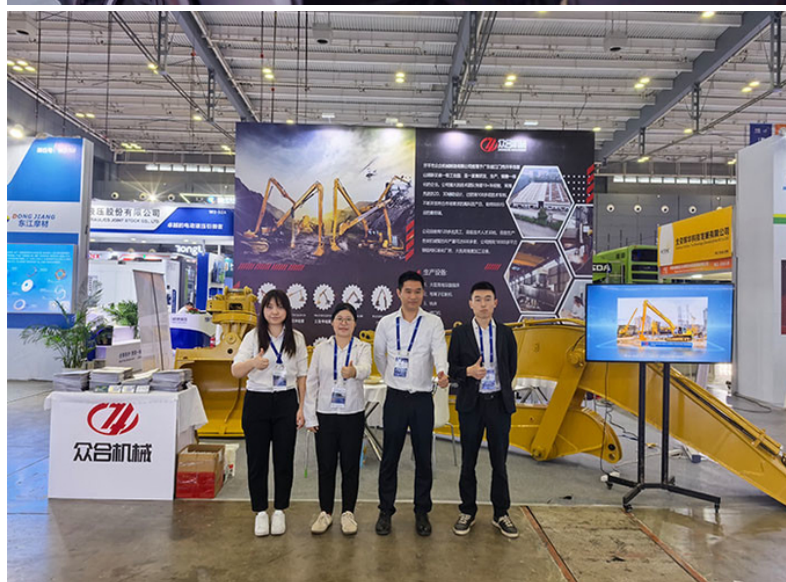

Large floor-standing
double-sided boring
machine
Higher accuracy

Beveling Machine
Every board will be
beveled before being
welded which enhances
the weld bead

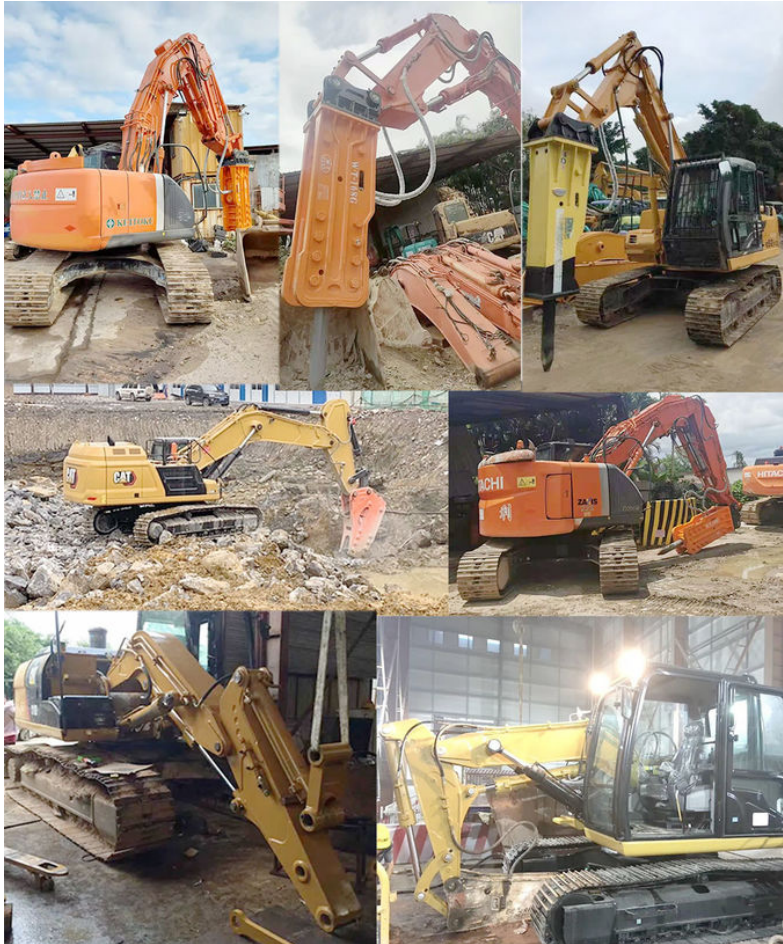

Kaiping Zhonghe Machinery's excavator tunnel arm:
*ever 8 years in designing and producing excavator tunnel arm/ shorten arm *experienced *professional
