

1200MM Excavator Telescopic Arm Yellow Red Blue White

Our Product Introduction

for more products please visit us on excavatorlongarm.com

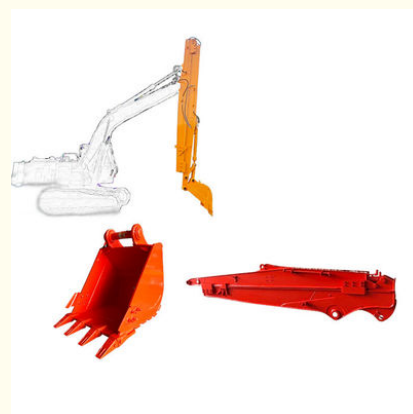

Basic Information

- Place of Origin: Guangdong Province, China
- Brand Name: Kaiping Zhonghe Machinery Manufacturing Co. Ltd
- Certification: CE, patent, ISO
- Model Number: HB0011
- Minimum Order Quantity: 1 set / piece
- Price: USD 149.00-USD8999.00
- Packaging Details: bubble / wooden cases
- Delivery Time: 5-20/works
- Payment Terms: T/T, L/C
- Supply Ability: 5 sets per week

Product Specification

- Material: Q355B Better Welding Performance
- Quality: High Quality, Premium
- Suitable Excavators: Cat Hitachi Komatsu Sany Zoomlion Etc
- Digging Depth(m): 8m 10m 12m 14m
- Color: Red, Yellow, Blue White Customized Available
- Warranty: 6 Months For Arm, 3 Months For Bucket

Product Description

8000MM Telescopic Arm for Excavator with Bucket for Digging House Foundation

Introduction of Kaiping Zhonghe Machinery's telescopic arm for excavator:

Kaiping Zhonghe Machinery's telescopic arm for excavators represents a significant advancement in construction technology. Designed for versatility and efficiency, this innovative attachment enhances the capabilities of standard excavators, allowing for extended reach and improved maneuverability in challenging environments. With a focus on durability and precision, the telescopic arm is crafted from high-quality materials and integrated with advanced hydraulic systems, making it ideal for a variety of tasks, from deep digging to precision lifting. This solution not only boosts productivity on job sites but also supports operators in achieving greater accuracy and control in their work.

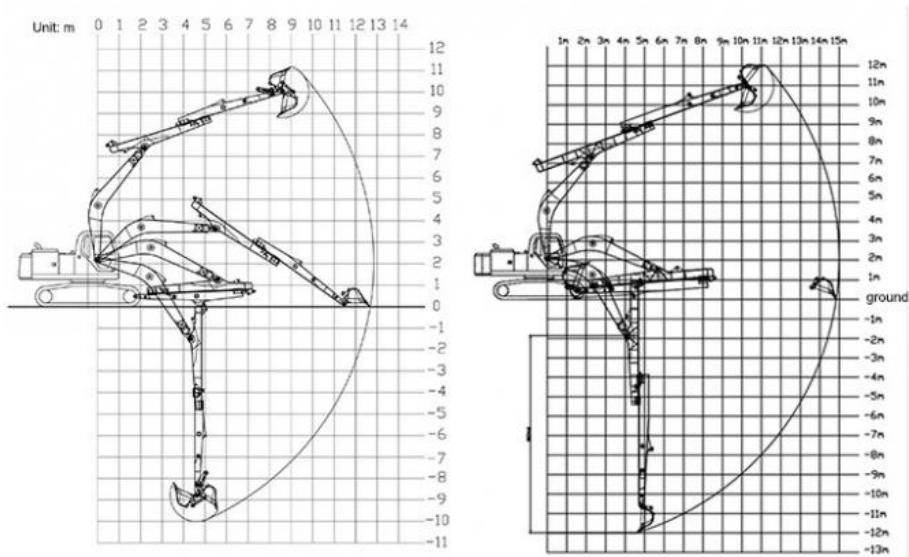

Suitable excavators for Excavator Telescopic Arm: Sany Hitachi Komatsu Zoomlion Kobelco etc

Working environment of one set of telescopic boom excavator:

*Digging Hoses * Digging House Foundation pit *Digging sand soil silt grave stone with dirt, etc

Model drawing of one set of telescopic arm excavator:

Specifications of one set of telescopic arm for excavator:

Excavator Model(ton)	Bucket Capacity(cbm)	Digging Depth(m)
----------------------	----------------------	------------------

3-4T	0.1	4
6-8T	0.2	6
10-12T	0.35	8
20-27T	0.5-0.6	10
20-27T	0.45	12
30-36T	1.2	10
30-36T	1	12
30-36T	0.6	12

Feedback of excavator telescopic boom with bucket:

***Longer service life-span *High Efficient *Better performance than other brands *Work smoothly**

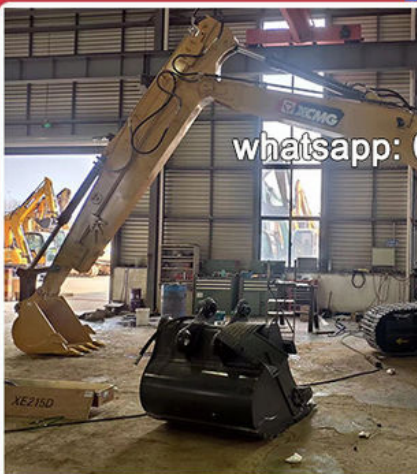

Feedback from Clients

from Tonny:
Very excellent telescopic boom.
on my pc 200 excavator suitably.

from Jason:
cool, the telescopic boom
works effectively. suitable for
digging.

from David:
very nice service.
The boom works very good.
safe and balanced operation

from Kevin:
suitable for digging caisson.
save energy.

whatsapp: 0086 13822325403

Some excellent design of our telescopic boom excavator which excel others:

* Customized service available. Different types of strews are available.

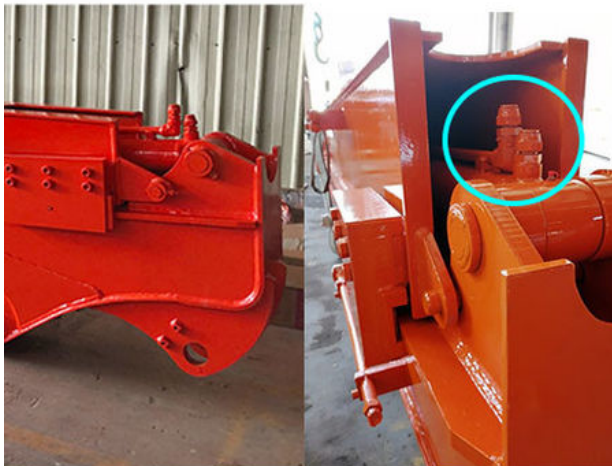

Strews
Available

* Better design of steel hoses with longer life-span than other suppliers

its easy for the
pipeline jumps
up, causing
damage to the
pipeline.

Welded on, less
vibration and
longer service
life.

*Double limit design of the telescopic boom excavators which can reduce cylinder over pulling and jitter and lessen the vibration

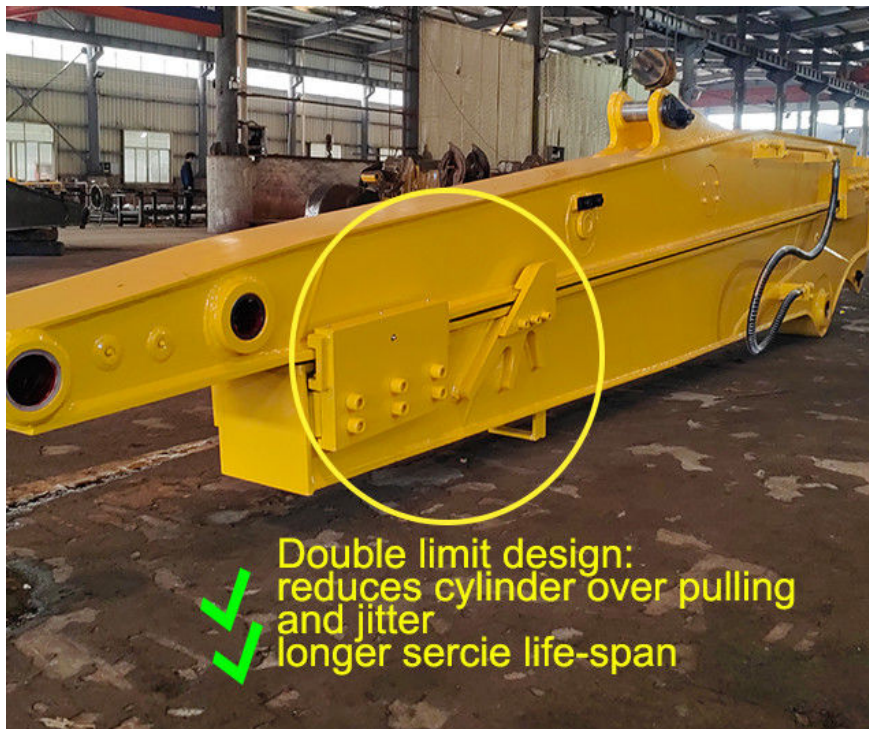

The design of double limit design can prolonger the service life-span of the cylinder.

The cylinders of excavator telescopic boom we adopt is high quality and longer life-span. Zero fail rate

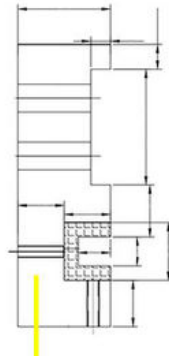

Double limit design
reduces cylinder over pulling
and jitter

Huge vibration
cylinder easy to fail

* Thickened slider which has longer service life-span and not easy cracking.
The plates are cut from one complete plates which can enhance the strength of one set of telescopic boom excavator
Longer life-span High Strength High quality

Thicken
Reduce cracking and failure rate

Longer service life-span

Easy to fail and crack
