

Excavator Telescopic Arm for Excavator for Hitachi Komatsu Sany Long Reach

Our Product Introduction

Basic Information

- Place of Origin: Guangdong Province, China
- Brand Name: Kaiping Zhonghe Machinery Manufacturing Co. Ltd
- Certification: CE, Patent, ISO
- Model Number: Telescopic Arm for Excavator 09
- Minimum Order Quantity: 1 set / piece
- Price: USD 199.00-USD9999.00
- Packaging Details: bubble / wooden cases
- Delivery Time: 5-25/works
- Payment Terms: T/T, L/C
- Supply Ability: 5 sets per week

Product Specification

- Features: Lightweight
- Material: Q355B Q690D
- Key Word: Excavator Telescopic Arm
- Digging Depth(m) : 10m 12m 16m
- Package: Wooden Cases / Bubble
- Cylinder: Premium
- Accessories: Premium
- Color: Red, Yellow, Blue White Customized
- Warranty: 6 Months
- Test: Full Tests, Quality Guaranteed

Product Description

Top 1 Excavator Telescopic Arm for Excavator Telescopic Excavator for Digging

Introduction of one set of Zhonghe Machinery Excavator Telescopic Arm for Excavator:

Ideal for digging, lifting, and moving materials in narrow places like digging house foundation, deep pits etc.

Durability: Design Excellence make sure our telescopic dipper arm with longer service life-span than other brands.

Precision: High precision production machines make sure that our excavator telescopic arm is suitable for the excavators perfectly.

Lightweight: From material we use and the design of the excavator telescopic arm, our excavator telescopic arm is installed on the excavators stably and safely.

Feedback of excavator telescopic arm from clients:

Exceptional Performance: Clients frequently highlight the telescopic arm's outstanding reach and precision, allowing them to complete tasks more efficiently.

High Reliability: Many users report that excavator telescopic arm operates smoothly under various conditions, showcasing its durability and dependability in demanding environments.

User-Friendly Design: Feedback consistently mentions the intuitive controls, making it easy for operators of all skill levels to use effectively.

Material details of one set of excavator telescopic boom:

- * Steel Material: Q355B. We purchase steel material from Shaogang Steel Company which is a huge brand steel material in China.
- * Connectors: Enhanced connectors. Every connector is enhanced which can bear huge stress and not easy to crack.
- * Cylinders: Premium cylinders. Every cylinders is full test before sending to clients. We adopt double oil seal cylinder design which has longer service life-span.

Every steel plate has certifications

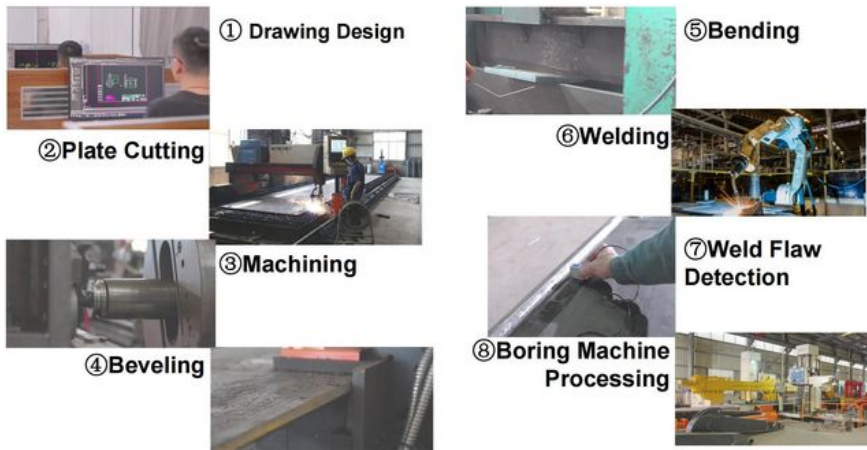

Our steel plates are purchase from BaoGang Company which is a big and famous steel material company.
