

## Telescopic Boom Excavator Telescopic Boom Digging Depth 12m 14m 16m

Our Product Introduction

for more products please visit us on excavatorlongarm.com

### Basic Information

- Place of Origin: Guangdong Province, China
- Brand Name: Kaiping Zhonghe Machinery Manufacturing Co. Ltd
- Certification: CE, ISO, Patent
- Model Number: Excavator Telescopic Boom 02
- Minimum Order Quantity: 1 set / piece
- Price: USD 199.00-USD13999.00
- Packaging Details: bubble / wooden cases/ others
- Delivery Time: 5-25/works
- Payment Terms: T/T, L/C
- Supply Ability: 5 sets per week

### Product Specification

- Material: LG700
- Suitable Working Environment: Digging Deep Pits, House Foundation Pit
- Digging Depth(m): 12m 14m 16m 18m 20m
- Longer Service Life-span: Yes
- OEM / ODM: Yes
- Warranty: 6 Months
- High Efficiency: Yes
- After-sales Service: Yes
- Premium: Yes
- Suitable Excavators: 10 Ton To 60ton Excavators
- Highlight: telescopic boom excavator with 12m digging depth , excavator telescopic arm for deep digging , 16m telescopic boom excavator with warranty

## Product Description

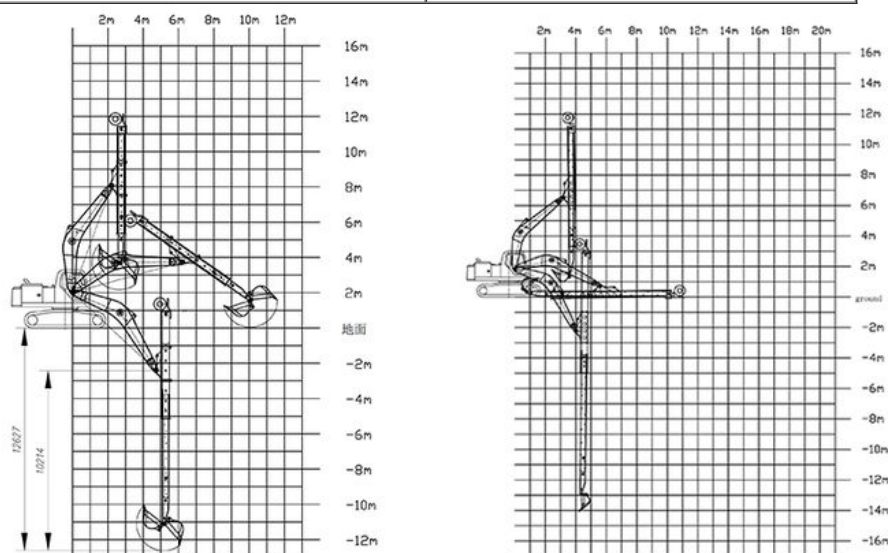

Introduction of one set of Excavator Long Reach Boom And Telescopic Arm:

- \* Working environment of one set of Excavator Telescopic Boom Telescopic Arm : digging deep pits, house foundation pits
- \* Suitable excavator brands: Hitachi, Komatsu, Sany, Kato etc
- \* Components of one set of one set of excavator telescopic boom telescopic arm: steel tube, cylinders, enlarged hose reel, hose, bucket etc.

Features of one set of excavator telescopic boom telescopic arm:

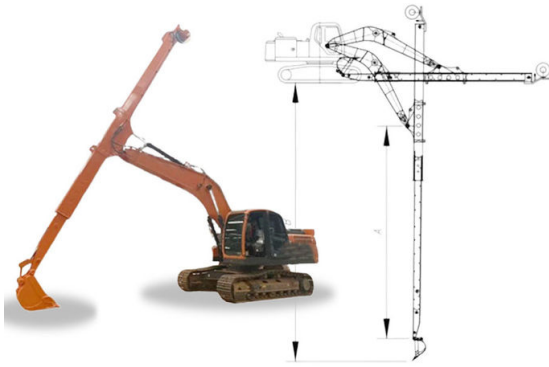

Suitable Excavator Model (ton)	Maximum Digging Depth (m)
6T	6m
20-36T	14m
24-36T	15m
25-36T	16m
37-60T	16m

Welcome to send your excavator model to us! Suitable length and model drawings will be sent soon.

Benefits of one set of **Excavator Telescopic Boom Telescopic Arm**:

- \* Reach Deep: The digging depth of one set of Excavator Telescopic Boom Telescopic Arm can reach 12m 14m 16m 18m

\* Low load on the excavators: the material we use is **LG700** which is a lighter and stronger material. The total weight of one set of excavator telescopic boom telescopic arm is lighter than other supplier's excavator telescopic arm. Every plate has certifications, quality guaranteed.

### Every steel plate has certifications

Our steel plates are purchase from BaoGang Company which is a big and famous steel material company.

\* High working efficiency: use enlarged hose reel will increase the working efficiency and the working time from top to bottom only need 20sec.

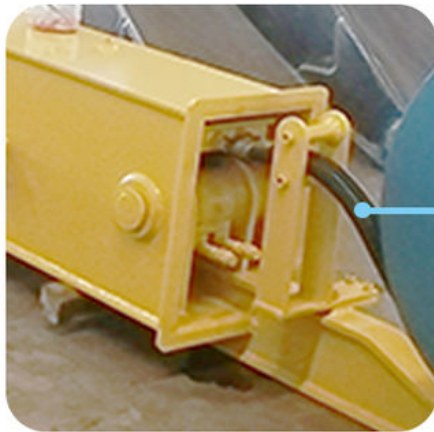

**More introductions of one set of Excavator Long Reach Boom And Telescopic Arm:**

**Enlarged spring piece**  
**High Effective**  
**Not prone to failure**

**Four-layer steel wire**  
**high pressure hose**  
**More durable**

**The front part is curved**  
**Enlarge the digging**  
**force**  
**Digging effective**  
**is increased.**

The whole plate is inserted

Durable  
Longer life-span

Add two blocks  
on cylinder head

Reduce vibration

Double oil seal  
design

Avoid oil leakage

#### **Productions of one set of Excavator Long Reach Boom And Telescopic Arm:**

\* Standard production process of one set of Excavator Long Reach Boom And Telescopic Arm

1. Design: More than **30 technicians** design the Excavator Long Reach Boom And Telescopic Arm. Full modeling before production.

2. Plate Cutting: Use **CNC plasmas cutting machine** with less deformation

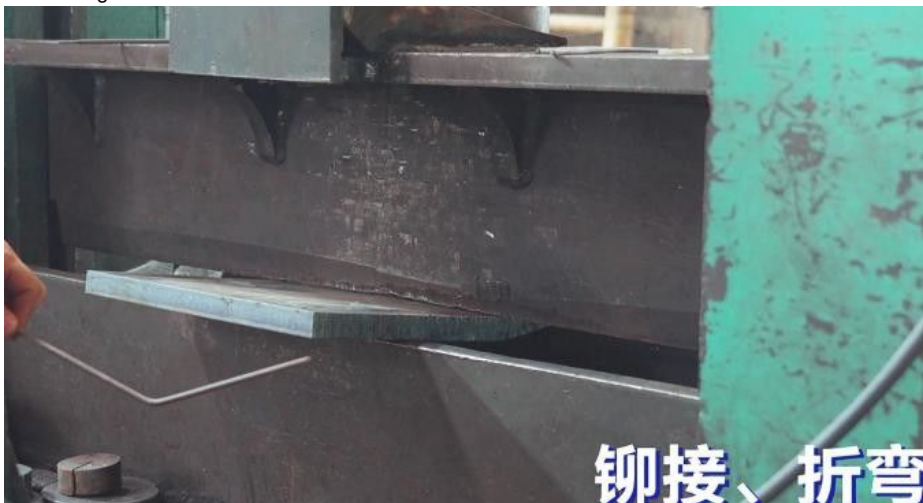

3. Beveling: Every steel is under beveling which ensure high quality welding. Ensure **the depth of penetration** and the **high quality of welds** of each set of excavator telescopic arm

机械开坡口

4. Bending

铆接、折弯

6. Welding

7. Weld flaw detection: ensure high quality welding, not easy cracking

③ Full Tests---Every Procedure is under strict supervision

Assembly inspection

**Weld flaw detection**

Make sure premium welding and not easy cracking

Regular Testing

8. Polishing

9: Pipling: use seamless pipelines which has better performance.

管路布置

11. Painting

12. Assembling

13. Testing
