Durable 20-45tons Excavator 18-Meter 2-Section Demolition Boom for Building Demolition Work Q355B Excavator Attachment

Basic Information

Place of Origin: Guangdong, China Brand Name: Zhonghe

Certification: CE
Minimum Order Quantity: 1 piece
Price: \$10855/pieces
Packaging Details: Bubble bag packaging

• Delivery Time: 20-30 work day

Payment Terms: T/1

Supply Ability: 5 Piece/Pieces per Month

Product Specification

Material: Q355B/Q690DWarranty: 6 Months

Warranny:
 Application:
 Excavator Attachment
 Product Name:
 Color:
 Blue Or As Customer Requirement
 Type:
 High Reach Demolition Boom

Condition: 100%newSuitable Excavator: 20~45tons

Packing: Bubble Bag Packaging

MOQ: 1 PCS Quality: High-Quality

Product Description

Product Descroption

Durable 20-45tons Excavator 18-Meter 2-Section Demolition Boom for Building Demolition Work,Q355B Excavator Attachment

Two-Section Demolition Boom

Two-section demolition boom is typically equipped with a demolition hammer or hydraulic shears for high building demolition projects.

It differs from the long arm that the boom is straight, allowing for a greater operating height.

Product Advantages

- 1. Custom retrofit solutions based on machine type and working conditions, allowing larger attachments for the same model.
- 2.Material customization options (Q355B, Q550D,Q690D) for lighter, lower-load booms with longer lifespan.
- 3. The entire boom arm is post-weld bored, achieving precision comparable to original arms, ensuring superior overall quality.
- 4. Larger arm angles and higher demolition height; optimized arm proportions for faster lifting speed.

FAQ

1. Who are we?

Kaiping Zhonghe Machinery Manufacturing Co., Ltd., manufacturing and trading combo, specializes in customizing excavator long reach boom arm and attachments for 5 years.

2. How can we quarantee quality?

Always final inspection before shipment;

3.What can you buy from us?

Excavator long reach boom arm, demolition arm, 2 or 3 sections telescopic arm, tunnel arm, standard/strengthen/rock bucket, gripper, ripper, etc. Our annual output of various types of excavator boom arms can reach 600 sets.

4. Why should you buy from us not from other suppliers?

We can give you a moderate price with the same quality as we are original manufacturer. We always use high quality material, professinal design, keep high quality control during the industry.

5. What's your terms of payment?

We prefer T/T (50/50) through Ali Credit Insurance as a trial order.

6. How long to receive a quotation/PI?

Within 2 working days after you ensure your excavator model and boom arm working condition.
