

Hot Sale 17-18m Long Reach Boom Long Arm in Excavator Extended Boom Arm for Cat320 Hitachi 200 PC210

Our Product Introduction

for more products please visit us on excavatorlongarm.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Zhonghe
- Certification: CE
- Model Number: JCB001
- Minimum Order Quantity: 1 piece
- Price: \$12000/pieces
- Packaging Details: Bubble bag packaging
- Delivery Time: 20-30 work day
- Payment Terms: T/T
- Supply Ability: 10 Piece/Pieces per Month

Product Specification

- Brand: Zhonghe Machinery
- Type: Standard Or Enhanced Boom Arm
- Moving Type: Crawler Excavator
- Apply To: Building Engineering
- Warranty: 1 Year
- Material: Q355B/Q690D
- Condition: 100%new
- After-sales Service Provided: Online Support
- Color: Customer's Request
- Packing: Bubble Bag Packaging
- Highlight: 17-18m long reach excavator boom, extended boom arm for Cat320, long arm excavator for PC210

Product Description

Hot Sale 17-18m Long Reach Boom Long Arm in Excavator Extended Boom Arm for Cat320 Hitachi 200 PC210

Our Product

SELLING POINTS

• High reliability

Proceed by high precision machines
More than 8 years experience

• Firm structure

The parts which bear huge stress are reinforced. Not easy cracking

• Good operability

Install on the excavators perfectly
safely and work high efficiency

• Strong adaptability

Suitable for various working
environments like dredging, repairing flat
slope, various excavations.

Why Our Long Boom Excel Others?

Our Long Boom

Press the upper and lower cover plates directly on the boom end and then weld them. This way the welding strength will be better.

A piece of round steel is connected to the plate, and the quality of the round steel at this position is more reliable.

VS Other brand's Long Boom

The boom end is directly connected to the cover plate, which is prone to welding problems and is more likely to crack.

If the entire plate is bent without reinforcement at this location, there is a greater chance of cracking.

Our Long Boom

Carry out thickening treatment to ensure that this location is not prone to cracking.

This is the most stressed part of the arm, so we thicken the plate to avoid cracking at this location.

VS Other Brand's Long Boom

No thickening treatment

Without reinforcement and thickening, this location is prone to quality problems after they work for a long time.

An Example is as follow:

Extended Arm Compatible Buckets

Standard Bucket

Clamshell Bucket

Mud Bucket

Ripper

Rake

V shape Bucket

The Advantages of ZHONGHE

1. Fashionable style
2. Professional Team
3. Quality control
4. Moderate price
5. CE certification
6. Promptly answer
7. Patented technology
8. Enrich production experience

Excavator (ton)	Total Length(mm)	(A) Boom (mm)	(B) Arm (mm)	Maximum Digging Radius(mm)	Maximum Digging Depth(mm)	Maximum Unloading Height(mm)	Maximum Digging Height(mm)	Bucket Volume (cbm)	Cylinder (ton)
11-15T	13000	7250	5750	11200	9000	7550	9350	0.15-0.3	12T
20-25T	15400	8220	7180	14500	11300	10400	12600	0.4-0.6	12T

35-40T	20000	11000	9000	19200	14900	12900	15200	0.6-1.2	12T
40-45T	22000	12000	10000	21300	16000	14000	17000	0.5-1	20T
40-50T	24000	13000	11000	23000	17900	15200	18100	0.5-1.1	20T

Long boom arm of excavator's advantages

- * Good quality as better material, experienced worker and professional engineer.
- * Supply customization service according to customer requirements.
- * Max work range and the max digging height are larger as angle of boom and arm can reach 163 degrees.

Working conditions of excavator long reach fronts

municipal engineering, subway construction, river dredging, reservoir cleaning and other water conservancy projects.

Warning if you buy our long boom for excavator

Arm cylinder use the original one to save cost, and counterweight is not included. we can provide one if needed but not for free.

Long Reach Boom Arm Accessories

name	Unit	main material	warranty(day)
Boom	1	Q355B	360
Arm	1	Q355B	360
Bucket	1	Q355B	90
Bucket cylinder	1	—	180
Linkage assembly	1	Q355B	180
Pin	6	40MuCr	0
High-pressure hose	4	4 layers wire ring	0
Lubrication pipe	5	1 layer wire ring	0
Steel tube	6	20#steel	0

Specification

item	value
Condition	New
Applicable Industries	Machinery Repair Shops, Manufacturing Plant, Retail, Construction works , Energy & Mining, Other
Showroom Location	Indonesia
Video outgoing-inspection	Provided
Machinery Test Report	Not Available
Marketing Type	Hot Product 2019
Place of Origin	China
Brand Name	ZHONGHE
Warranty	3 months
Application	Excavator
Model	JCB, CAT, PC, ZX, as your request
Material	Q355B(Cover Plate Optional Q690D)
MOQ	1 set
Color	Refers to original, customized
OEM/ODM	Provided
Hydraulic bucket cylinder	Included
Stick/arm cylinder	Optional
Video inspection	Provided

Company Profile

Factory Introduce

Kaiping Zhonghe Machinery Manufacturing Co., Ltd., manufacturing and trading combo, specializes in customizing excavator long reach boom arm and attachments for 5 years.

Located in Cuishanhu New District, Kaiping City, Jiangmen City, Guangdong Province, China, we has more than **14000 steel structure standardization workshop, and a large number of high precision processing equipment**, such as CNC plasma cutting machine, CNC flame cutting machine, milling edge machine, etc. **We have a strong and cohesive team.** At present, there are more that 60 experienced technical staffs, 30

welding workers with over 7 years experience, 15 senior designers and a high-tech R&D team.

With years of experience in engineering equipment manufacturing, we independently R&D and produce different kinds of excavator boom arms and attachments with CE-certification, such as, long reach boom, 3-stage demolition boom, 2/3-section telescopic boom, standard/strengthen/rock bucket, gripper, ripper, etc., which are widely used in a variety of engineering fields, like Machinery Repair Shops, Farms, Construction works , Energy & Mining, and Other. Our annual output of various types of excavator boom arms can reach 600 sets. **Our products sell well in more than 40 countries and areas.**

We adhere" Merit Quality, Sincerity Management and Customer Satisfaction", honestly greet customers from home and abroad to negotiate and cooperate with us.

Production Advantages

ZHONGHE triple quality control system

The first system is the technical design drawing review mechanism,

The second system is the semi-finished product review mechanism,

(each process has a detection testing for the previous process)

The third system is the finished product testing.

(Before painting, the overall inspection is carried out to check whether the design size matches the welding size, and whether the installation size meets the design requirement.)

To sum up, every single ZHONGHE product has been passed the above three-stage inspection system to ensure that is qualified before shipping.

Exhibition

OUR CUSTOMERS

Our products are stable used in Australia, New Zealand, Norway, Sweden, USA, Canada, Austria, Ireland, Britain, Malaysia, Philippines, Mauritius, Reunion, Kenya, Ecuador, Chile, etc

Packing & Delivery

Bubble bag packaging for most products, Wooden case for little products, like buckets

Iron frame support for boom arms. **The accessories and package of excavator long boom arm are subjected to our final confirmation.**

Certificate

FAQ

1. Does the Excavator with Long Reach Boom suitable for working in sea water?

Yes, It can work in sea water and our long reach booms painted with anti-corrosive painting, but please note some wearing component will not last as long as normal because of sea water corrosion , such as Bushes, Bucket, bucket cylinder.

2. How can we guarantee quality?

ZHONGHE Quality Control System consists of three parts:

☆Technical design drawing review mechanism, ☆The semi-finished product review mechanism(each process tests the previous process) ☆Finished product testing. (welding size, welding quality, and installation size)

To sum up, every ZHONGHE excavator boom arm has to pass 3-stage inspection to ensure qualified before shipping.

3.What can you buy from us?

Excavator long reach boom, demolition arm, 2 or 3 sections telescopic arm, tunnel arm, standard/strengthen/rock bucket, gripper, ripper, etc. Our annual output of various types of excavator boom arms can reach 600 sets.

4. Why should you buy from us not from other suppliers?

We support high quality products with moderate price and good service. We always use high quality material, professional design, keep high quality control during the industry.

5. What's your terms of payment?

We prefer T/T (50/50) through Ali Credit Insurance as a trial order.

L/C at sight, cash can be attapped. Other payment terms need to be discussed.

6. How long to receive a quotation/PI?

Within 2 working days after you ensure your excavator model and boom arm working condition.
