

Excavator Long Arm - Heavy-Duty Reach Excavator Arm

Our Product Introduction

for more products please visit us on excavatorlongarm.com

Basic Information

- Place of Origin: Guangdong Province, China
- Brand Name: Kaiping Zhonghe Machinery Manufacturing Co. Ltd
- Certification: CE, ISO, Patents
- Model Number: ZH-090
- Minimum Order Quantity: 1 set / piece
- Price: USD 199.00-USD8999.00
- Packaging Details: Bubble / wooden cases / others as you request
- Delivery Time: 5-25/works
- Payment Terms: T/T, L/C
- Supply Ability: 5 sets per week

Product Specification

- Warranty: 6 Months
- Long Reach: 10m 20m 21m 25m
- Material: Q355B/ Q690D / Q355NE
- Bucket Capacity: 0.4m3, 0.6m3, 1.5m3, 2m3, 2.2m3
- Color: Red, Yellow, Blue White Customized
- High Efficiency: YES
- Connectors: High Quality Connectors
- Technical Support: Yes
- Highlight: **heavy-duty excavator long arm, long reach excavator boom, excavator arm with extended reach**

Product Description

Heavy Duty Excavator Long Reach Arm Long Reach Boom

Extend Your Reach, Maximize Efficiency!

Zhonghe Machinery's Long Reach Arm / Long Reach Boom is engineered for superior performance in demanding excavation and demolition applications. Designed to enhance reach and precision, long excavator arm long excavator boom is ideal for deep digging, slope shaping, dredging, and hard-to-access job sites.

SELLING POINTS

• High reliability

Proceed by high precision machines
More than 8 years experience

• Firm structure

The parts which bear huge stress are reinforced. Not easy cracking

• Good operability

Install on the excavators perfectly
safely and work high efficiency

• Strong adaptability

Suitable for various working
environments like dredging, repairing flat
slope, various excavations.

Key Features of Long Reach Boom Excavator:

- ✓ Extended Reach – Specially designed for deep excavation, trenching, and river dredging, allowing operators to work efficiently without repositioning the machine frequently.
- ✓ Robust Construction – Made from high-strength steel (Q690D / Q355B / Q355NE) for durability and resistance to wear, ensuring long service life even in harsh conditions.
- ✓ Precision Control – Optimized hydraulic system integration ensures smooth operation and precise handling for improved productivity.
- ✓ Versatile Applications – Perfect for construction, mining, roadwork, and environmental cleanup projects.
- ✓ Compatibility – Fits a wide range of excavators, ensuring seamless integration with your existing excavators.

Excavator Model(ton)	Counterweight(ton)	Bucket Capacity(cbm) / Bucket Cylinder Size(ton)	Length(m)	Total Length(m)

Why Choose Zhonghe Machinery's Excavator Long Arm?

Reliable Performance – Built to withstand heavy-duty operations with minimal maintenance.

Cost-Effective – Reduces the need for additional equipment, saving time and operational costs.

Expert Engineering – Backed by years of industry expertise and rigorous quality testing.

Upgrade your excavation capabilities with Zhonghe Machinery's Long Reach Arm / Long Reach Boom—where power meets precision!
