

Durable Rock Boom Arm for Excavators – Heavy-Duty & Reliable

Our Product Introduction

for more products please visit us on excavatorlongarm.com

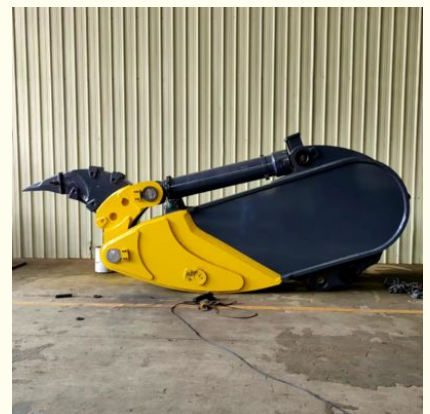

Basic Information

- Place of Origin: Guangdong Province, China
- Brand Name: Zhonghe Machinery
- Certification: CE, patent, ISO
- Model Number: YSB001
- Minimum Order Quantity: 1 set / piece
- Price: USD 99-USD17000
- Packaging Details: bubble
- Delivery Time: 7-35/works
- Payment Terms: T/T, L/C
- Supply Ability: 7 sets per week

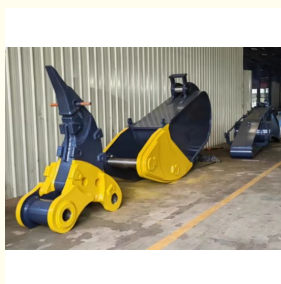

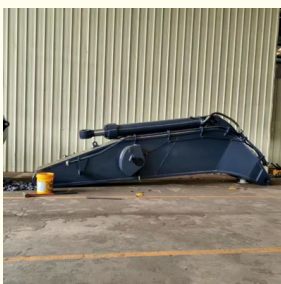

Product Specification

- Apply To: 45ton - 55 Ton Excavator
- Cylinders: Enlarge Cylinders
- Condition: New
- Material: Premium Q355B
- Warranty: 6 Months
- Working Condition: Breaking Rocks
- OEM/ODM: Yes
- High Efficiency: Yes
- Highlight: durable excavator rock boom arm ,
heavy-duty excavator rock arm ,
reliable excavator boom arm

Product Description

Heavy Duty Excavator Rock Arm Rock Boom Heavy Duty

Introduction of Excavator Rock Ripper Rock Arm Rock Boom:

Our Rock Arm Rock Boom for Excavators is engineered for extreme durability and performance in tough rock-breaking applications. Designed to enhance excavator efficiency, this heavy-duty attachment ensures maximum impact resistance and longevity, making it ideal for mining, quarrying, and construction projects.

Excavator Rock Arm Rock Boom with Ripper for Hitachi 470

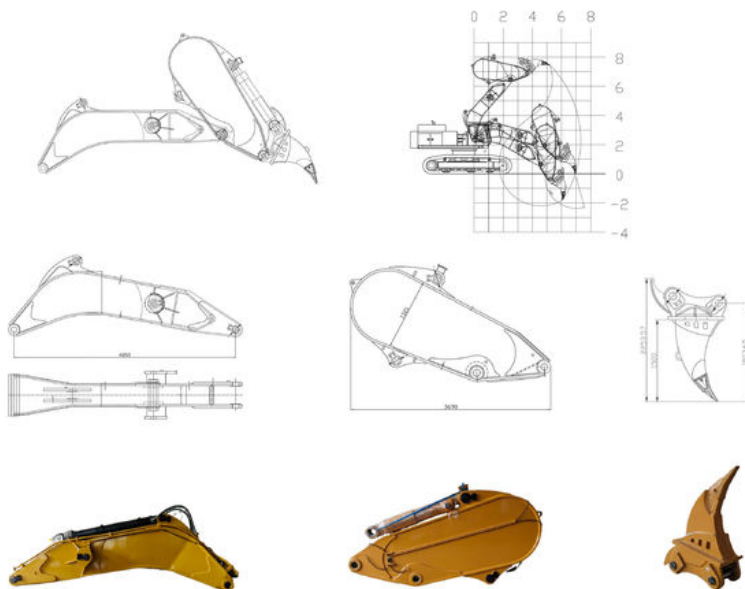

Excavator Rock Arm Ripper for Sany 500H

Key Features of One Set of Excavator Rock Arm Rock Boom Excavator Ripper:

- ✓ High-Strength Steel Construction – Built to withstand heavy impacts and abrasion.
- ✓ Reinforced Design – Optimized for rock-breaking and demolition tasks.
- ✓ Compatibility – Fits most excavator models (custom options available).
- ✓ Extended Lifespan – Heat-treated components for superior wear resistance.
- ✓ Easy Installation – Bolt-on design for quick setup.

Excavator Rock Boom Product Components

Rock Boom and hydraulic line

Customized production of the boom that fits the main engine of the excavator, with hydraulic pipes road, you only need to prepare a main engine and boom cylinder.

Rock Arm

It is cut and welded from a whole piece of high manganese alloy steel the structure is compact and complete, and the actual shape is adjusted according to the model of the host

Rock Ripper

Customized production of the boom that fits the main engine of the excavator, with hydraulic pipes road, you only need to prepare a main engine and boom cylinder.

Name of Product	Excavator Model(ton)	Weight(kgs)
Big Boom	45-55T	9700
Small Arm		7600
Stick Cylinder(140)		650
Bucket Cylinder(150)		725

Ripper		2030
Big Boom		7000
Small Arm		6390
Stick Cylinder(130)	35-39T	560
Bucket Cylinder(140)		650
Ripper		1400
Big Boom

Q&A of Excavator Rock Arm Rock Boom Excavator Ripper:

Q: What excavator models does this rock boom fit?

A: Our rock boom is compatible with most major excavator brands (e.g., CAT, Komatsu, Hitachi, Kobelco etc). Custom sizing is available upon request.

Q: How does this rock boom improve efficiency?

A: Its reinforced structure reduces stress on the excavator arm, allowing for longer working hours and reduced downtime.

Q: What materials are used in construction?

A: High-grade steel with heat-treated components for maximum durability.

Q: Can it be used for demolition work?

A: Yes, it's designed for both rock-breaking and demolition applications.

Why Choose Us?

Proven Performance – Trusted by contractors worldwide.

Competitive Pricing – High-quality at affordable rates.

Fast Delivery – Ready stock for quick shipment.
