

Two section Telescopic Arm Excavator Adjustable Excavator Telescopic Arm

Our Product Introduction

for more products please visit us on excavatorlongarm.com

Basic Information

- Place of Origin: Guangdong Province, China
- Brand Name: Kaiping Zhonghe Machinery Manufacturing Co. Ltd
- Certification: CE, Patent, ISO
- Model Number: SSB0078
- Minimum Order Quantity: 1 set / piece
- Price: USD 199.00-USD18999.00
- Packaging Details: Bubble / wooden cases
- Delivery Time: 5-20/works
- Payment Terms: T/T, L/C
- Supply Ability: 5 sets per week

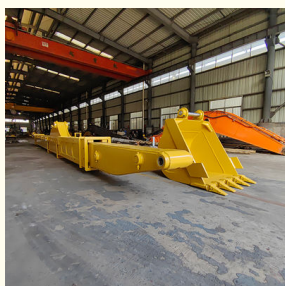

Product Specification

- Tests: Full Tests
- Warranty: 6 Months
- Suitable Excavators: Hitachi Komatsu Sany Zoomlion Cat Etc
- Excavator Model: 6ton - 65ton
- OEM/ODM: YES
- Color: Customized
- Highlight: two section excavator telescopic arm, adjustable excavator telescopic arm, excavator telescopic arm with warranty

Product Description

Enhance your excavation capabilities with our advanced two-section telescopic arm excavator, designed for optimal performance and versatility in a variety of applications. This innovative excavator telescopic arm is engineered to provide exceptional reach and flexibility, making it an essential tool for contractors and operators alike. Our excavator telescopic arm is very suitable for digging caissons, deep pits, house foundation pits, etc.

Key Features of One Set of Telescopic Arm for Sale:

Extended Reach: The two-section design allows for significant extension, providing the necessary reach for deep excavation tasks, making it ideal for challenging jobs. (The digging depth can reach 12m 14m 16m 18m)

Durable Construction: Built from high-strength materials, this telescopic arm for excavator guarantees longevity and reliability, even in the toughest environments.

Precision Engineering: The excavator telescopic arm dipper stick is manufactured to high tolerances, ensuring smooth operation and enhanced performance during use.

Versatile Applications: Suitable for a range of tasks including trenching, digging, and loading, this telescopic dipper for excavator is perfect for construction, landscaping, and demolition projects.

Compatibility: Designed to fit a wide variety of models, our excavator telescopic boom ensures seamless integration with existing equipment.

Excavator Model(ton)	Bucket Capacity(cbm)	Bucket Cylinder(ton)	Digging Depth(m)
6T	0.2	6T	6
10-12T	0.2	6T	10
20-27T	0.4	20T	12
30-36T	1	30T	12
20-27T	0.4-0.6	20T	14
24-27T	0.8	30T	14
30-36T	1	35T	14
30-36T	0.8	30T	14
30-36T	1	35T	15
24-28T	0.8	30T	15
24-28T	0.4	20T	16
30-36T	0.8	22T	16
45-50T	1.2	35T	16

Why Choose Our Two-Section Telescopic Arm Excavator?

Our commitment to quality and innovation ensures that you receive a reliable tool that meets the demands of modern excavation projects. With our two-section telescopic arm excavator, you can expect exceptional performance, durability, and versatility, making it the perfect addition to your machinery fleet.
