

ODM OEM Heavy Duty 1 Cbm Rock Bucket for Construction Machinery Excavator Digging Compatible with CAT320 PC200 ZX200

Our Product Introduction

for more products please visit us on excavatorlongarm.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Zhonghe
- Certification: CE
- Model Number: YSD001
- Minimum Order Quantity: 1 piece
- Price: \$1590/pieces
- Packaging Details: wood case
- Delivery Time: 5-8 work day
- Payment Terms: T/T
- Supply Ability: 50 Piece/Pieces per Month

Product Specification

- Product Name: Excavator Rock Bucket
- Type: Mechanical
- Material: Q355B/NM400/Hardox500
- Application: Excavator Attachment
- Apply To: Screening Rock
- Max Jaw Opening: As Your Request
- Suitable For: 20t-35t Excavator
- Color: Customers Requirements
- Warranty: 3 Months
- Weight: 600
- Capacity: 1.0cbm
- OEM: Support
- Techniques: Advanced Techniques

Product Description

PRODUCT DESCRIPTION

ZHONGHE Heavy Duty Rock Bucket

ZHONGHE Excavator Buckets are designed for heavy-duty applications such as road construction, mining and quarrying. Manufactured with Hardox500 and Q355B. The base has been reinforced and the bar protector has been improved. ZHONGHE Heavy Duty Rock Buckets add extra armor on the heel edge for extended life in highly abrasive applications. Bucket teeth and tooth seats are made of high-quality products in the industry, which makes the products have high reliability, better digging performance, and more economical efficiency; reduce the time and cost required for maintenance,

Our Product

greatly improve work efficiency and win the construction period. It is suitable for the excavation of hard rock, sub-hard rock and weathered stone mixed in the soil; the loading of hard rock and blasted ore and other heavy operations.

item	value
Showroom Location	Indonesia
Place of Origin	China
Brand Name	ZHONGHE
Warranty	3 months
Condition	Brand new
Applicable Industries	Machinery Repair Shops, Manufacturing Plant, Energy & Mining, Other, Retail, Construction works
Weight	600-900
Suitable Excavator(ton)	5-40 Ton
Max Jaw Opening	as your request
Bucket capacity	1m³-4m³
Bucket type	HD Bucket
Machinery Test Report	Not Available
Video outgoing-inspection	Provided
Marketing Type	New Product 2020
Net weight	1400kg
Pins	Not included
Opening angle	As your request

Excavator Rock Bucket

Zhonghe Advantages

COMPANY ADVANTAGES

Factory Introduce

Founded in 2018, Zhonghe heavy industry independently develops and produces construction machinery parts such as excavator lengthening arm, mountain pulling arm, two-stage telescopic arm, sliding arm, three-stage telescopic arm, three-stage demolition arm, rock arm, tunnel arm, bucket, pile driving arm, wood grabber, steel grabber and scarifier. It is widely used in weathered stone crushing, subway construction, forestry logging, municipal pipeline engineering, river dredging, building demolition, Larsen steel sheet pile driving and pulling, pile foundation engineering, resource recovery and other engineering industries. The products are sold in more than 40 countries and regions. Provide one-year after-sales service with after-sales warranty and deliver on time. 24-hour online service can provide OEM production.

14000m² Workshop

We have more than 14000m² steel structure workshop with lots of high precision processing equipments.

R&D Team

We use precision drawing software to achieve the max working range under the premise of safe operation.

Skillful Workers

There are more than 60 skillful staffs, 30 welding workers with over 5 years welding experience.

Customized

1. Fit all brand.
2. Color, length, material are customized.
3. Extra pipeline can be added.

Prompt Lead Time

1. Our lead time is 7-15 days.
2. Our annual output of excavator boom arms can reach 600 sets.

100% Service

1. Online support within 24 hours.
2. Appointment video technical support.

PRODUCTION ADVANTAGES

ZHONGHE triple quality control system

The first system is the technical design drawing review mechanism,
 The second system is the semi-finished product review mechanism,
 (each process has a detection testing for the previous process)
 The third system is the finished product testing.
 (Before painting, the overall inspection is carried out to check whether the design size matches the welding size, and whether the installation size meets the design requirement.)

To sum up, every single ZHONGHE product has been passed the above three-stage inspection system to ensure that is qualified before shipping.

Large double-sided floor boring machine

CNC plasma cutting machine

Automatic edge milling machine

Environmentally friendly spray booth

Strong and sturdy Less maintainece

Built-in reinforcing ribs. Professional Using high quality materials, such as welding skill towards different bearing Q355B as default, Q690D optional, Ningbo position. Steel plate chamfering bevels connectors, seamless precision piplines, before welding. graphite alloy copper sleeve, strong but light bucket cylinder.

PACKING & DELIVERY

FAQ

Q: Are you a manufacturer?

A: Zhonghe machinery offered a wide range of attachment parts for excavators and dozers. Such as long reach arm, demolition arm, telescopic arm, standard bucket, rock bucket, cleaning bucket, tilting bucket, etc. We know that the perfect combination of high-quality cast steel products and a moderate price is the key to the success.

Q: Why choose Zhonghe over any other companies?

A: We have a professional production team and design team to provide each customer with high-quality and personalized customer service to ensure correctness, so we have good reputation in China, and our annual sales are among the best in our country.

Q: What can I get from you?

A: 1. The product is made of Q355B steel, a superior and sturdy material on the market, and the steel is cut with a 45-degree slope and then gas welded, making it more sturdy and 30% longer lifetime than normal materials. 2. All accessories are included, no additional purchases are required. Professional online video guides installation to make installation worry-free. 3. Lifetime free online customer service consultation if you have any questions.

Q: How do I start to order?

A: Firstly, talk to our sales about your machine model, working conditions, special needs and deadline. Then our sales will give you proposals FYR. You will receive a quotation ASAP after confirming the proposal.

Q: What are your terms of payment?

A: We prefer T/T (50/50) through Ali Credit Insurance as a trial order.

Q: Are you always delivered on time?

A: We can't promise about the sea freight but what we can do is shorten our lead time while keeping the same quality level. So there will not be any problem even if the sea freight is delayed for a couple of days.
