

Multi-Size Hydraulic Shears Multi Shear Demolition Cutters for 20-40t Excavators Demolition for Sanny Komatsu Cat Kobelco

Our Product Introduction

for more products please visit us on excavatorlongarm.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Zhonghe
- Certification: CE
- Minimum Order Quantity: 1 piece
- Price: \$21800/pieces
- Packaging Details: wood case
- Delivery Time: 20 work day
- Payment Terms: T/T
- Supply Ability: 50 Piece/Pieces per Month

Product Specification

- Name: Excavator Attachments
- Type: Excavator Multi Crusher/Multi Shear
- Application: Crushing And Shearing Operation
- Suitable For: 20-40ton Excavator
- Color: Customer Required
- Warranty: 6 Months
- Material: Hardox 500 Steel, 42CRMO Alloy Steel
- After-sales Service Provided: Online Support
- Weight: 1280kg
- Condition: 100%new
- Packing: Wooden Box
- Oem: Support

Product Description

PRODUCT DESCRIPTION

Excavator demolition cutters/ multi shear

Our Product

Applicable for: Building demolition, steel cutting and other crushing and cutting operations.

Main features:

- *Use Sweden HARDOX500 steel material, light weight. Wear-resistant; Pin adopts 42CRMO alloy steel, built-in oil passage, all of them make it high strength and good toughness;
- *The rotary motor imported from Switzerland and it is full Angle rotation;
- *The cylinder adopts honing pipe, imported HALLITE oil seal and short working cycle to prolong its life time;
- *The cutter block is made of wear-resistant alloy steel, resistant to high temperature and deformation.

model	excavator model	weight	color	
160H	13-14T	1280	customized	
220H	20-24.5T	1600	customized	
260H	25-28.5T	2000	customized	
360H	30-39T	2500	customized	

Double cylinder shear

Applicable objects: cutting and crushing of steel frame structures and automobile beams, dismantling of scrap automobiles and scrap metal products.

Main features:

Double oil cylinders and synchronization mechanism are adopted, combining strong shearing force and light weight;
The rotating motor adopts the Swiss imported motor, which rotates in full angle;
The oil cylinder adopts honing tube and imported NOK oil seal, short working cycle and long life;
The knife block is made of wear-resistant alloy steel, which is resistant to high temperature and deformation.

Single cylinder shear

Applicable for: Vehicles disintegration such as motorcycles, vans, agricultural machinery, tire hub separation and demolition of other buildings, steel shear and other crushing and shearing operations.

Main features:

Use Sweden HARDOX500 steel material, which is light weight and wear-resistant; Pin adopts 42CRMO alloy steel and built-in oil passage to make it high strength and good toughness;
Rotary motor imported from Switzerland, which is full Angle rotation;
The cylinder adopts honing pipe and imported NOK oil seal, it short working cycle to prolong sever life;
The cutter block is made of wear-resistant alloy steel, resistant to high temperature and deformation.

Video outgoing-inspection	Provided
Machinery Test Report	Not Available
Place of Origin	Guangdong, China
Brand Name	ZH
Warranty	6 months
Condition	new
Application	Crushing and Shearing Operation
Weight	1280kg
Suitable Excavator(ton)	20-40ton
Core Components	Bearing
Product name	Excavator Multi crusher/Multi shear
MOQ	1 Piece
OEM	Acceptable
Colour	Cunstomized
Material	NM500, 42CRMO
Brand	ZH
Quality	High Guarantee
Item	excavator attachments

COMPANY PROFILE

Founded in 2018, Zhonghe heavy industry independently develops and produces construction machinery parts such as excavator lengthening arm, mountain pulling arm, two-stage telescopic arm, sliding arm, three-stage telescopic arm, three-stage demolition arm, rock arm, tunnel arm, bucket, pile driving arm, wood grabber, steel grabber and scarifier. It is widely used in weathered stone crushing, subway construction, forestry logging, municipal pipeline engineering, river dredging, building demolition, Larsen steel sheet pile driving and pulling, pile foundation engineering, resource recovery and other engineering industries. The products are sold in more than 40 countries and regions. Provide one-year after-sales service with after-sales warranty and deliver on time. 24-hour online service can provide OEM production.

Kaiping Zhonghe Machinery Manufacturing Co., Ltd. was established in 2018 as a manufacturing and trading consortium, specializing in customizing various excavator arm frames and accessories, such as each excavator long arm, disassembly arm, 2-3 section telescopic arm, tunnel arm, standard/rock bucket, gripper, ripper, etc., best-selling in over 40 countries and regions.

14000m² Workshop

We have more than 14000m² steel structure workshop with lots of high precision processing equipments.

R&D Team

We use precision drawing software to achieve the max working range under the premise of safe operation.

Skillful Workers

There are more than 60 skillful staffs, 30 welding workers with over 5 years welding experience.

Customized

1. Fit all brand.
2. Color, length, material are customized.
3. Extra pipeline can be added.

Prompt Lead Time

1. Our lead time is 7-15 days.
2. Our annual output of excavator boom arms can reach 600 sets.

100% Service

1. Online support within 24 hours.
2. Appointment video technical support.

PRODUCTION ADVANTAGES

The equipments we have:

Large double-sided boring machine

CNC plasma cutting machine

Automatic edge milling machine

Environmentally friendly spray booth

01»

Panel is cut by
CNC plasma
machine with
less deformation

《02

Tolerance within
5-10um, ensure
the accuracy of
hole

03»

GMAW-Gas
Metal Arc
Welding

《04

Environmentally friendly verified spraying room. Professional and beautiful paint finish

PACKING & DELIVERY

FedEx
Federal Express

DHL
EXPRESS

TNT

EMS

WORRY-FREE SHIPPING

We provide a full range of shipping methods for worry-free shipping.

Packing & Delivery

We use a variety of packing materials, including wooden crates, pallets, and other materials that are suitable for the specific product and shipment. Our team carefully inspects each package for quality assurance before shipping.

FAQ

1. Do you accept OEM? What is your minimum order quantity?

We accept OEM for every product that we produce. Only through mutual consultation can we meet all production requirements of our customers. The minimum order quantity is one piece or one unit.

2. Does your product have MOQ? How long is the production time?

Our production MOQ is 1 pc, we accept custom design. With professional worker hard work and OT, our production time can shorten to 7-15 days, also will depend on the quantity you need. Details our sales will tell you.

3. What payment do you accept?

We accept TT transfer and alibaba pay , for TT , 30% deposit to arrange produce , 70% balance should be paid before send out the goods , for alibaba pay , we can make a trade assurance for you to pay .

4. Why should I buy from you but not other suppliers?

As you know , we are the original factory for long reach boom , our price is the best , there are many foreign trade company to ask us to quote the same product as our client , but finally client choose us , because we are the original factory , our price is the best , you can do business with us directly to save time and cost , don't need through others . 5,what after sale service can i get? Product get guarantee period , when you intalling our goods , we have engineer to guide you to make every step is going well.
