

Excavator Extension Demolition Long Reach Boom and Arm for 40T Class Excavators

Our Product Introduction

for more products please visit us on excavatorlongarm.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Zhonghe
- Certification: CE
- Model Number: CLB001
- Minimum Order Quantity: 1 piece
- Price: \$18600/pieces
- Packaging Details: Bubble bag packaging
- Delivery Time: 25-30 work day
- Payment Terms: T/T
- Supply Ability: 5 Piece/Pieces per Month

Product Specification

- Brand Name: Zhonghe
- Part Name: Excavator Demolition Boom
- Material: Q355D/Q690D
- Applicable Industries: Energy & Mining & Demolition
- Length: 23-30m
- Weight: 9000KGS
- Color: As Customer Requires
- Warranty: 6 Months
- Condition: 100%new
- Quality: High-Quality
- MOQ: 1 PCS
- Packing: Standard Packing
- After-sales Service Provided: Online Video Support

Product Description

PRODUCT DESCRIPTION

Our Product Introduction

Standard configuration

1. Boom, arm and middle arm
2. Linkage assembly*1 kit
3. Bucket cylinder(22 ton type)*1
4. High pressure hoses*18
5. Pins*8
6. Stop valves*10
7. Lubrication hoses*5
8. Counterweight optional

Excavator Ton	Total Length(mm)	(A)Transport Height(mm)	(B)Maximum Lifting Height(mm)	Limit weight of hydraulic shear(kg)	Cylinder (Ton)	Add Weight (Ton)
25T	16000	3160	14900	2000	20T	4T
30T	18000	3300	17000	2000	20T	4.5T
35T	20000	3300	19000	2000	20T	4.5T
40T	22000	3400	21050	2000	20T	5T
45T	24000	3400	23100	2000	20T	5T

Details Advantage

- More firmly due to whole plate bending

- Add reinforcement plate at the stress position

- Adopt 90mm pin to avoid pin breakage

- The opening angle of boom arm can reach 180°

The boom, middle arm and arm are designed in a golden ratio to maximize its effectiveness

- Seamless precision steel pipe

- three layers with four passes welding

- Graphite alloy copper sleeve

- The boom seat sleeve adopts all in one molding process

High Reach Demolition Arm

- * Seamless precision steel pipe
- * Q690D for boom's upper and lower cover
- * Adopt 90mm pin to avoid pin breakage
- * The pipeline is hidden to avoid being smashed
- * Hydraulic pipelines section design, convenient for later maintenance

A high reach demolition boom adds a middle arm to the two-section demolition boom, increasing the working safety distance. It typically equipped with a breaker hammer or a hydraulic shear for high building demolition projects.

High reach demolition arm will boring after welding, the accuracy is high precision as the original arm to prolong its service life.

PRODUCT DISPLAY

Company Profile

Founded in 2018, Zhonghe heavy industry independently develops and produces construction machinery parts such as excavator lengthening arm, mountain pulling arm, two-stage telescopic arm, sliding arm, three-stage telescopic arm, three-stage demolition arm, rock arm, tunnel arm, bucket, pile driving arm, wood grabber, steel grabber and scarifier. It is widely used in weathered stone crushing, subway construction, forestry logging, municipal pipeline engineering, river dredging, building demolition, Larsen steel sheet pile driving and pulling, pile foundation engineering, resource recovery and other engineering industries. The products are sold in more than 40 countries and regions. Provide one-year after-sales service with after-sales warranty and deliver on time. 24-hour online service can provide OEM production.

14000m² Workshop

We have more than 14000m² steel structure workshop with lots of high precision processing equipments.

R&D Team

We use precision drawing software to achieve the max working range under the premise of safe operation.

Skillful Workers

There are more than 60 skillful staffs, 30 welding workers with over 5 years welding experience.

Customized

1. Fit all brand.
2. Color, length, material are customized.
3. Extra pipeline can be added.

Prompt Lead Time

1. Our lead time is 7-15 days.
2. Our annual output of excavator boom arms can reach 600 sets.

100% Service

1. Online support within 24 hours.
2. Appointment video technical support.

WHY CHOOSE US

ZHONGHE triple quality control system

The first system is the **technical design drawing review mechanism**.

The second system is the **semi-finished product review mechanism** (each process has a detection testing for the previous process)

The third system is the **finished product testing**.

(Before painting, the overall inspection is carried out to check whether the design size matches the welding size, and whether the installation size meets the design requirement.)

To sum up, every single ZHONGHE product has been passed the above three-stage inspection system to ensure that is qualified before shipping.

Large double-sided boring machine

CNC plasma cutting machine

Automatic edge milling machine

Environmentally friendly spray booth

01

Panel is cut by CNC plasma machine with less deformation

02

Tolerance within 5-10um, ensure the accuracy of hole

Production advantage

03

Environmentally friendly verified spraying room, professional and beautiful paint finish

04

GMAW-Gas Metal Arc Welding

What We Have

1. Compatible with all makes and models of excavators.
2. All welding seams are tapered 45 degrees before welding in order to make the welding position more durable for long-term use.
3. Supply customization service according to customer requirements.
4. Additional applicable accessories can be added.
5. The gas welding is used for finishing, which makes the welding position more elegant and stable.

What You Get

1. Superior quality and durable three-section demolition boom and arm.
2. Provide lifetime free and timely consultation about any products.
3. Provide working condition design sample drawing free of charge.
4. Heavy Duty boom and arm hit harder and last longer, without breaking your wallet.

Exhibition

OUR CUSTOMERS

Our products are stable used in Australia, New Zealand, Norway, Sweden, USA, Canada, Austria, Ireland, Britain, Malaysia, Philippines, Mauritius, Reunion, Kenya, Ecuador, Chile, etc

Certificates

CERTIFICATION
EXCELLENT SUPPLIER

PACKING & DELIVERY

Bubble bag packaging for most products, Wooden case for little products, like buckets
Iron frame support for boom arms.

The accessories and package of excavator long boom arm are subjected to our final confirmation.

TRANSPORTATION

FedEx
Federal Express

DHL
EXPRESS

TNT

EMS

WORRY-FREE SHIPPING
We provide a full range of shipping methods for worry-free shipping.

CUSTOMER FEEDBACK

FAQ

1. Who are we?

Kaiping Zhonghe Machinery Manufacturing Co., Ltd., manufacturing and trading combo, specializes in customizing excavator long reach boom arm and attachments for 5 years.

2. How can we guarantee quality?

Always final inspection before shipment;

3. What can you buy from us?

Excavator long reach boom arm, demolition arm, 2 or 3 sections telescopic arm, tunnel arm, standard/strengthen/rock bucket, gripper, ripper, etc. Our annual output of various types of excavator boom arms can reach 600 sets.

4. Why should you buy from us not from other suppliers?

We can give you a moderate price with the same quality as we are original manufacturer.

We always use high quality material, professional design, keep high quality control during the industry.

5. What's your terms of payment?

We prefer T/T (50/50) through Ali Credit Insurance as a trial order.

6. How long to receive a quotation/PI?

Within 2 working days after you ensure your excavator model and boom arm working condition.
