

Versatile Telescopic Timber Grab Arm for Efficient Handling

Basic Information

- Place of Origin: Guangdong Province, China
- Brand Name: Kaiping Zhonghe Machinery Manufacturing Co. Ltd
- Certification: CE, Patents, ISO9001
- Model Number: LSB009
- Minimum Order Quantity: 1 set / piece
- Price: USD 1099.00-USD8999.00
- Packaging Details: Bubble / Wooden cases
- Delivery Time: 5-25/works
- Payment Terms: T/T, L/C
- Supply Ability: 5 sets per week

Product Specification

- Excavator Models: 6ton - 60ton
- Suitable Excavator Brands: Hitachi Komatsu Sany Kobelco Kato Etc
- Length: 10m 15m 18m 20m 25m 28m
- Color: Customized, Red, Blue, Yellow Etc
- Material: LG700
- Key Composition: Wire Rope, Cylinders, Steel, Bearings, Sliders
- Suitable Working Environment: Grabbing Wood
- Warranty: 6 Months

Product Description

Introducing **our telescopic timber grab arm**, designed to enhance your wood handling capabilities with precision and ease. As the demand for efficient forestry and construction equipment rises, especially in regions like North America, Europe, and Australia, our timber grab arm is becoming a go-to solution for professionals in the industry.

Key Features of Telescopic Wood Handling Arm:

Adjustable Reach: The telescopic design allows for extended reach, making it ideal for grabbing logs and timber in various settings.

Robust Construction: Made from high-strength materials to ensure durability and reliability during heavy-duty operations.

Easy Installation: Quick-mount system compatible with various machinery, allowing for seamless integration.

Forestry Telescopic BOOM

Details Discription

Market Demand of Telescopic Wood Handling Arm: The increasing need for efficient wood handling solutions in forestry, construction, and recycling sectors is driving growth in the demand for our telescopic timber grab arm.

Customer Feedback of Our Telescopic Dipper Arm Excavator: Users rave about the arm's efficiency and reliability, noting how it has improved their workflow and reduced manual handling risks. Many report significant time savings in their operations.

Applications of Telescopic Wood Handling Arm: Perfect for timber yards, construction sites, and forestry operations, our telescopic timber grab arm is the ideal tool for safely and effectively managing wood products.

Excavator Model (ton)	Length(m)	Weight(ton)
10-15T	25M	2T
10-15T	28M	2.3T
18-20T	32M	3.5T

Welcome to send your excavator model to us for double check. Model drawing will be sent soon.
