

Professional Telescopic Excavator Arm with Standard and Clamshell Buckets — Versatile, Heavy-Duty Performance

Our Product Introduction

for more products please visit us on excavatorlongarm.com

Basic Information

- Place of Origin: Guangdong Province, China
- Brand Name: Kaiping Zhonghe Machinery Manufacturing Co. Ltd
- Certification: CE, Patents, ISO9001
- Model Number: SSB008
- Minimum Order Quantity: 1 set / piece
- Price: USD 199.00-USD18999.00
- Packaging Details: Bubble / Wooden Cases/ Others
- Delivery Time: 5-20/works
- Payment Terms: T/T, L/C
- Supply Ability: 5 sets per week

Product Specification

- Suitable Excavators: 6Ton - 200Ton
- Digging Depth(m): 6m 8m 10m 12m 14m 15m 16m 18m
- Material: LG700, HG785
- Cylinder: High Quality Cylinder
- OEM / ODM: YES
- Suitable Working Environment: Digging House Foundation Pits, Deep Pits, Caissons
- Color: Red, Yellow, Blue White Customized

Product Description

Are you ready to elevate your construction and excavation projects? Discover the latest innovation in heavy machinery with our state-of-the-art Excavator Telescopic Arm. Engineered for efficiency, versatility, and power, this cutting-edge attachment is designed to transform your standard excavator into a multi-functional powerhouse.

Our Product Introduction

Key Features of Excavator Telescopic Arm:

Enhanced Reach and Versatility

The telescopic design allows for extended reach, enabling operators to access hard-to-reach areas with ease. Whether you're digging deep trenches, clearing debris, or performing delicate landscaping tasks, our telescopic arm adapts to any project requirement.

Superior Strength and Durability

Built with high-quality materials and advanced engineering, the Excavator Telescopic Arm is designed to withstand the rigors of demanding job sites. Its robust construction ensures long-lasting performance, reducing the need for frequent repairs and downtime.

Increased Productivity

With its quick and easy installation, our telescopic arm minimizes setup time, allowing your team to get to work faster. The improved maneuverability and extended reach enhance productivity, ensuring that projects are completed on time and within budget.

Safety First

Equipped with cutting-edge safety features, including overload protection and enhanced stability, our telescopic arm prioritizes operator safety. Confidence in your equipment allows your team to focus on what matters most—getting the job done.

Excavator Model(ton)	Bucket Capacity(cbm)	Bucket Cylinder(ton)	Digging Depth(m)
6T	0.2	6T	6
10-12T	0.2	6T	10
20-27T	0.4	20T	12
30-36T	1	30T	12
20-27T	0.4-0.6	20T	14
24-27T	0.8	30T	14
30-36T	1	35T	14
30-36T	0.8	30T	14
30-36T	1	35T	15
24-28T	0.8	30T	15
24-28T	0.4	20T	16
30-36T	0.8	22T	16
45-50T	1.2	35T	16

Applications of Telescopic Arm for Excavator

The Excavator Telescopic Arm is perfect for a wide range of applications, including:

- Construction and demolition
- Landscaping and earthmoving
- Utility installation and maintenance
- Material handling and lifting

Standard Bucket

Clamshell Bucket

Why Choose Us?

Our commitment to quality and customer satisfaction sets us apart in the industry. We offer comprehensive support, including expert advice, training, and after-sales service, ensuring you get the most out of your investment.

Get Started Today!

Transform your excavator with our innovative Excavator Telescopic Arm. Enhance your operational capabilities and boost efficiency in your projects. Contact us today for a free consultation and experience the future of excavation technology!
