

Two-section Long Reach Boom and Arm Custom for 20-30 Ton Excavator 12-18m Working Length

Our Product Introduction

for more products please visit us on excavatorlongarm.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: ZHONGHE
- Certification: CE
- Model Number: CAT320
- Minimum Order Quantity: 1 piece
- Price: \$8400/pieces
- Packaging Details: Bubble bag packaging
- Delivery Time: 25-30 work day
- Payment Terms: T/T
- Supply Ability: 5 Piece/Pieces per Month

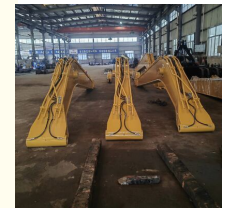

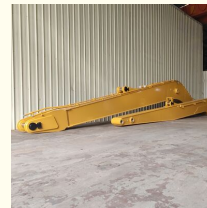

Product Specification

- Product Name: Long Reach Boom Arm
- Material: Q355B/Q690D
- Applicable Industries: Construction Work
- Suitable Excavator: 20-30Ton
- Warranty: 6 Months
- Condition: 100%New
- MOQ: 1 Set
- Packing: Bubble Bag Packaging
- Payment: T/T

Product Description

Our Product Introduction

03

- * The middle sleeve of the boom adopts an integral forming process
- * Reinforced 45# steel for boom middle sleeve

04

- * Seamless precision steel pipe
- * Adopt high quality Ningbo connectors

05

- * Strengthen the inner part of the box and the boom seat sleeve with inclined tendons
- * Graphite alloy copper sleeve

Excavator Long Reach Arm

Suitable construction work: digging sand, soil, gravel, dredging, etc

Suitable excavators: Sany, Hitachi, Komatsu, Zoomlion, Cat, JCB, Hyundai, Volvo, etc

From 6 ton to 180 ton excavators

Features of Zhonghe Mahinery's Long Reach Arm:

- * Longer service life-span
- * No oil leakage & No cracking
- * Low fail rate
- * High efficiency
- * Q355B, Q355NE, Q690D material are all available.(customized service available)

Excavator Model(ton)	Length(m)	Bucket Capacity(cbm / m3)	Counterweight(ton)
20T	15-16m	0.45	0
	18m	0.45	2 ton
30T	18m	0.45	0
	20m	0.45	2 ton
40-45T	22m	0.8	0
50T	22m	1	0

Welcome to send your excavator model to us. Suitable length and model drawing will be sent soon.

COMPANY PROFILE

>> COMPANY PROFILE <<

Kaiping Zhonghe Machinery Manufacturing Co., Ltd

Founded in 2018, Zhonghe heavy industry independently develops and produces construction machinery parts such as excavator lengthening arm, mountain pulling arm, two-stage telescopic arm, sliding arm, three-stage telescopic arm, three-stage demolition arm, rock arm, tunnel arm, bucket, pile driving arm, wood grabber, steel grabber and scarifier.

It is widely used in weathered stone crushing, subway construction, forestry logging, municipal pipeline engineering, river dredging, building demolition, Larsen steel sheet pile driving and pulling, pile foundation engineering, resource recovery and other engineering industries. The products are sold in more than 40 countries and regions. Provide one-year after-sales service with after-sales warranty and deliver on time. 24-hour online service can provide OEM production.

Exhibition

FAQ

1. Does the Excavator with Long Reach Boom suitable for working in sea water?

Yes, It can work in sea water and our long reach booms painted with anti-corrosive painting, but please note some wearing component will not last as long as normal because of sea water corrosion , such as Bushes, Bucket, bucket cylinder.

2. How can we guarantee quality?

ZHONGHE Quality Control System consists of three parts:

※Technical design drawing review mechanism.

※The semi-finished product review mechanism.(each process tests the previous process)

※Finished product testing. (welding size, welding quality, and installation size)

To sum up, every ZHONGHE excavator boom arm has to pass 3-stage inspection to ensure qualified before shipping.

3.What can you buy from us?

Excavator long reach boom, demolition arm, 2 or 3 sections telescopic arm, tunnel arm, standard/strengthen/rock bucket, gripper, ripper, etc. Our annual output of various types of excavator boom arms can reach 600 sets.

4. Why should you buy from us not from other suppliers?

We support high quality products with moderate price and good service. We always use high quality material, professional

design, keep high quality control during the industry.

5. What's your terms of payment?

We prefer T/T (50/50) through Ali Credit Insurance as a trial order. L/C at sight, cash can be attapped. Other payment terms need to be discussed.

6. How long to receive a quotation/PI?

Within 2 working days after you ensure your excavator model and boom arm working condition.
