

20-36 Ton Excavator Sliding Boom Hydraulic Sliding Arm Fits CAT Sany Komatsu Excavator Deep Dig Attachment

Our Product Introduction

for more products please visit us on excavatorlongarm.com

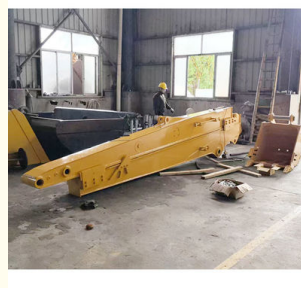

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: ZHONGHE
- Certification: CE
- Model Number: ZH215
- Minimum Order Quantity: 1 piece
- Price: \$9100/pieces
- Packaging Details: Bubble bag packaging
- Delivery Time: 20-30 work day
- Payment Terms: T/T
- Supply Ability: 5 Piece/Pieces per Month

Product Specification

- Brand Name: ZHONGHE
- Product Name: Sliding Arm
- Material: Q355B, Or Others As Your Request
- Application: Excavator
- Moving Type: Crawler Excavator
- Color: As Customer Requirements
- Maximum Digging Depth: 10M, 11M, 12M
- Warranty: 6 Months
- Condition: 100%New
- Packing: Bubble Bag Packaging
- After-sales Service Provided: Online Video Support

Product Description

Our Product Introduction

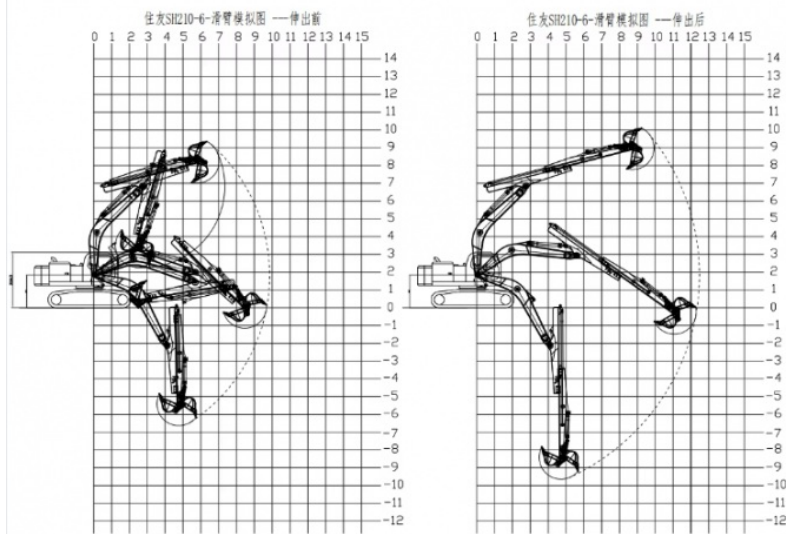

Excavator Sliding Arm

Sliding Arm Customization

- *Applicable for all brand excavator.
- *Color, length, material can do according to you.
- *Made of Q355B or Q690D steel with good strength and rigidity.

ZHONGHE MACHINERY

Excavator Model(ton)	Max Radius(m)	Bucket Capacity(cbm)	Digging Depth(m)	Weights(kgs)
12-15T	10.4	0.2-0.3	8	200
20-25T	13	0.4-0.7	10	800
20-25T	15.2	0.4-0.7	12	1300
30-35T	15.8	0.6-0.9	12	2200
40-45T	19.2	0.8-1.3	16	2600

PRODUCT DESCRIPTION

Sliding Arm

The excavator sliding arm consists of an upper sliding section and a lower fixed arm. The upper sliding body extends and retracts freely driven by the telescopic cylinder. It is suitable for subway and foundation pit excavation.

Our innovative double-limit design reduces vibration during operation and extends the service life of the cylinder. The sliding structure adopts sliding blocks instead of the old pulley design, lowering failure rates. The wear-resistant rubber sliding block is easy to replace and maintain.

PRODUCT DESCRIPTION

Advantages

1. Simple and solid integral structure, low failure rate, easy maintenance, long service life.
2. Allow diagonal digging and jacking-up machine, suitable for hard-soil working condition.
3. One-piece-cut slider (non-welded assembly), embedded replaceable wear-resistant rubber block.
4. Double-limit structure and double oil-seal for telescopic cylinder to reduce cylinder failure.

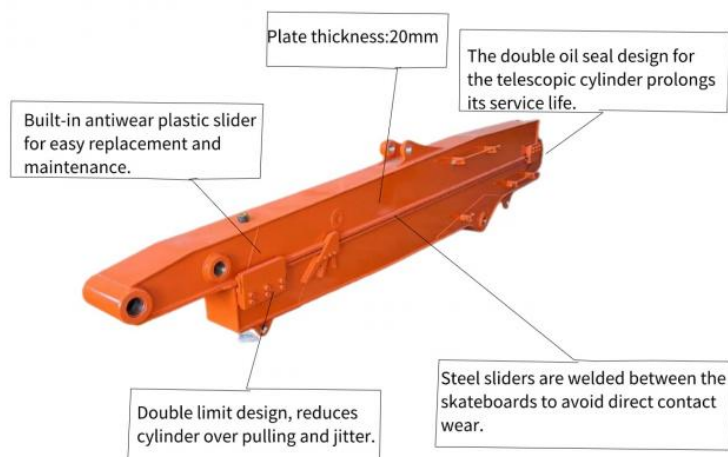

PRODUCT DESCRIPTION

Advantages

5. Reserved cylinder maintenance access for easy disassembly.
6. Drain hole on front end to discharge sediment and water, prevent cylinder rod scratching.
7. Cost-effective, robust and durable structure.
8. 12m version equipped with anti-shake slider for smoother operation.

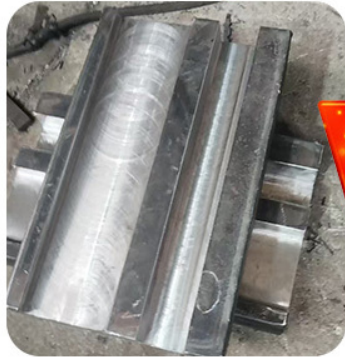

PRODUCT DESCRIPTION

ZHONGHE Excavator Sliding Arm Standard Configuration

1 set sliding boom, 1 digging bucket, 1 bucket cylinder, 1 linkage assembly, 6 pins, 6 high-pressure hoses, 1 bi-directional foot pedal switch.

Key Highlights of Our Product Compared to Competitors

VS

Cut from one plate
 ✓ stronger
 ✓ avoid deformation

Welded together
 ✗ easy to crack

VS

Double limit design
 reduces cylinder over pulling
 and jitter

Huge vibration
 cylinder easy to fail

Ours-Goldenbridge

SOLDER

Others

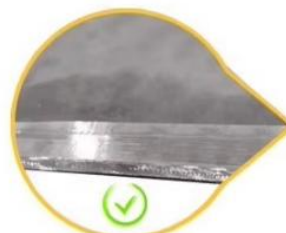

Ours-Ningbo connector

CONNECTORS

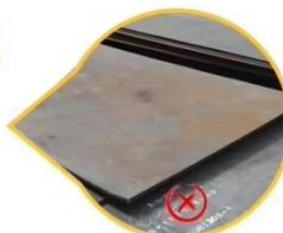

Others

Ours-Edge-mining

STEEL

Others-No edge-mining

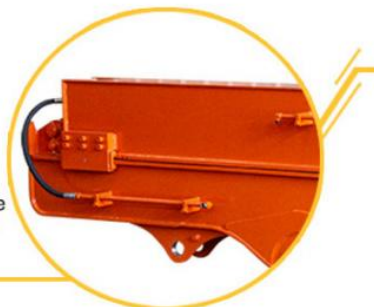

Easy to Maintain

ZHONGHE silding arm adopt antiwear nylin sliding plates rather than traditional pulley, which can be replaced quickly and conveniently.

Robust Sliding Structure

1. The lower cover of the upper sliding arm and the upper cover of the lower fixing arm are both 20mm.
2. Cover plates are cut from a whole piece but not spliced, so as to be more firm and not easy to deform.

Evitar fugas de aceite

El diseño de doble sello de aceite para el cilindro telescópico incorporado evita fugas de aceite hidráulico y prolonga la vida útil del cilindro deslizante.

COMPANY PROFILE

Kaiping Zhonghe Machinery Manufacturing Co., Ltd. is located in the Cuishanhu New District, a first-class provincial industrial park in Kaiping City, Jiangmen, Guangdong Province. We are a comprehensive enterprise integrating research and development, manufacturing, and sales. Driven by professional expertise and innovative design, the company continuously develops high-tech products that meet market demands, consistently leading the industry.

Currently, the company employs over 100 staff members, including 30 senior technical talents, and has achieved an annual production capacity of 600 sets of various mechanical arms. Our facility features over 18,000 square meters of standardized steel-structure workshops equipped with a wide range of high-precision processing machinery. This includes plasma and CNC flame cutting machines, advanced edge milling machines, high-precision floor-type boring mills, vertical boring mills, large-scale lathes and drilling machines, a massive shot-blasting workshop, a stress-relief workshop, large plate rolling rolls, and a high-purity mixed gas supply station.

团队风采 Our Team

千人同心 则得千人力 万人异心 则无一人之用

The power of knowledge, the power of the power of unity and dedication, we will gets.

Production Process

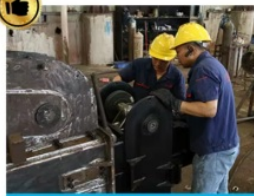

ZHONGHE Triple Quality Control System

1.The first system is the technical design drawing review mechanism.

2.The second system is the semi-finished product review mechanism. Each process has a detection testing for the previous process

3.The third system is the finished product testing. Before painting, the overall inspection is carried out to check whether the design size matches the welding size, and whether the installation size meets the design requirement.

To sum up, every single ZHONGHE product has been passed the above three-stage inspection system to ensure that is qualified before shipping.

FAQ

1. Who are we?

We are based in Guangdong, China, start from 2018, sell to Southeast Asia(40.00%), Mid East(10.00%), North America(10.00%), South Asia(8.00%), Eastern Europe(8.00%), Oceania(8.00%), Eastern Asia(5.00%), Africa(5.00%), South America(4.00%), Northern Europe(2.00%). There are total about 51-100 people in our office.

2. How can we guarantee quality?

Always a pre-production sample before mass production;
Always final inspection before shipment;

3. What can you buy from us?

Excavator Long Reach Boom, Excavator Telescopic Arm, Excavator Demolition Arm, Excavator Grapple, Excavator Bucket

4. Why should you buy from us not from other suppliers?

With more than 60 employees, it has its own unique research and development team in more than 10000 square meters of steel structure standardized plant. The annual production of various arms is up to 600 sets, and various buckets are 6000 pieces.

5. What services can we provide?

Accepted Delivery Terms: FOB, CIF, EXW, CIP;
Accepted Payment Currency: USD, CNY;
Accepted Payment Type: T/T;
