

Excavator Mud Bucket 2000mm Width Ditch Cleaning Bucket for 25-30 Ton Excavator Custom Dredge Grading Bucket

Our Product Introduction

for more products please visit us on excavatorlongarm.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: ZHONGHE
- Certification: CE
- Minimum Order Quantity: 1 piece
- Price: \$2700/pieces
- Packaging Details: Wooden case
- Delivery Time: 5-8 work day
- Payment Terms: T/T
- Supply Ability: 50 Piece/Pieces per Month

Product Specification

- Part Name: Excavator Mud Bucket
- Material: Q355B/NM400
- Width: Customization
- Capacity: 1.46cbm
- Suitable Excavator: 25-30 Ton
- Warranty: 3 Months
- Condition: 100%New
- Quality: High-Quality
- MOQ: 1 PCS
- Packing: Standard Packing
- After-sales Service Provided: Online Video Support

Product Description

Our Product

Overview

Excavator mud bucket, also known as cleaning bucket, ditching bucket or trenching bucket, have no bucket teeth and large width. The mud bucket is very suitable for plane trimming of slopes with large capacity and desilting of rivers and ditches.

Working condition

- Ditch cleaning and drainage works
- River, pond and channel dredging
- Silt and loose mud removal
- Backfill spreading and distributing
- Site levelling and grading
- Roadside trimming and shaping
- Landscaping and farmland renovation
- Handling sand, silt and loose soft soil

0.66M3 mud bucket---1300mm bucket width

型号 Model	项目 Item	销轴直径 (mm) Pin Diameter(mm)	挖斗宽 (mm) Bucket Width (mm)	容量 (升) Capacity (litres)	重量 Weight	材质 Material

PRODUCT ADVANTAGES

Advantages of an Excavator Mud Bucket

1. Efficient Excavation in Tight Spaces: The narrow design allows for precise digging in confined areas like ditches, trenches, and utility lines.
2. Enhanced Durability: Built with reinforced materials and cutting edges to withstand tough, muddy, and abrasive conditions.

3. Reduced Material Spillage: High side walls help contain soil and mud, preventing loss of material during excavation.
4. Improved Digging Performance: Specialized teeth and blade design make it easier to cut through wet, sticky, or compacted soil.

Features

1. Narrow and Long Design: Ideal for digging trenches and ditches in tight spaces.
2. High-Side Walls: Prevent material spillage and reduce clogging.
3. Reinforced Cutting Edge: Durable for cutting through tough mud and wet soils.
4. Specialized Teeth: Improves digging efficiency in soft or sticky materials.
5. Heavy-Duty Construction: Made with high-strength steel for durability in harsh conditions.
6. Large Capacity: Can carry a good amount of material despite the narrow design.
7. Versatile Applications: Used for drainage, trenching, and utility installation tasks.

Heavy Duty Mud Bucket

Heavy-duty mud bucket is a type of excavator bucket specifically designed to handle challenging soil and material conditions, including wet, sticky, and dense mud.

These buckets are built to withstand the wear and tear associated with digging in tough, muddy, and sometimes abrasive environments. They are used for various applications, such as excavating or removing material in swampy areas, riverbeds, or other muddy terrain.

* Dual Radius Profile

Reduces drag, increases breakout force & ensures less wear on the bucket's structure. This design also ensures maximal fill with each pass saving the operator time and keeping on-site productivity high.

* Reversible Bolt-On Edge

Reversible & replaceable. This dramatically extends the bucket's lifespan and reduces the need for regular maintenance, driving down unnecessary maintenance cost. Double cutting edge with bolts. Interchangeable and slope design.

*** Reinforced wear-resistant plate**

Reinforced belly and side-walls to decrease wear in demanding environments and negate frequent maintenance and costly downtime.

*** Integrated Head Bracket**

Built into the torsional bar of the bucket to increase the bucket's lifespan & ensuring long term performance. Pins available with or without.

*** Superior Breakout Force**

Low profile ear plates built directly into the torsion beam, minimising torsional stress during use and ensuring optimal jobsite efficiency. Triangle bar for maximum durability.

WHY CHOOSE US

ZHONGHE Product Advantages

1. Fashionable style
2. Professional Team
3. Quality control
4. Moderate price
5. CE certification
6. Promptly answer
7. Patented technology
8. Enrich production experience

ZHONGHE triple quality control system

1. The first system is the technical design drawing review mechanism.
 2. The second system is the semi-finished product review mechanism.
(each process has a detection testing for the previous process)
 3. The third system is the finished product testing.
(Before painting, the overall inspection is carried out to check whether the design size matches the welding size, and whether the installation size meets the design requirement.)
- To sum up, every single ZHONGHE product has been passed the above three-stage inspection system to ensure that is qualified before shipping.

CNC cutting
High precision CNC plasma cutting for steel plate blanking

Edge milling
Edge milling and beveling for welding preparation

Bending
Steel plate bending with large bending machine

Assemble
Precision assembly and tack welding of boom parts.

Polishing
Grinding and polishing of weld seams and surfaces.

Spray painting
Sandblasting and spray painting for anti-corrosion.

COMPANY PROFILE

Kaiping Zhonghe Machinery Manufacturing Co., Ltd

Founded in 2018, Zhonghe heavy industry independently develops and produces construction machinery parts such as excavator lengthening arm, mountain pulling arm, two-stage telescopic arm, sliding arm, three-stage telescopic arm, three-stage demolition arm, rock arm, tunnel arm, bucket, pile driving arm, wood grabber, steel grabber and scarifier.

It is widely used in weathered stone crushing, subway construction, forestry logging, municipal pipeline engineering, river dredging, building demolition, Larsen steel sheet pile driving and pulling, pile foundation engineering, resource recovery and other engineering industries. The products are sold in more than 40 countries and regions. Provide one-year after-sales service with after-sales warranty and deliver on time. 24-hour online service can provide OEM production.

Our Team

The power of knowledge, the power of the power of unity and dedication, we will gain.

Zhongehe Machinery

Our company is specialized in excavator long reach boom arm, standard arm, pile driving arm, two or three section demolition boom, tunnel arm, rock arm, quick hitch, tilting bucket, rock ripper, mechanical grapple, log grab, orange peel grapple, clamp bucket, rock bucket, clamshell bucket, multi crusher, single cylinder shear, rock breaker, pile hammer.

All products support customization, and customized products are suitable for all excavator brands.

EXHIBITION

>> CERTIFICATIONS <<

>> PACKAGE & SHIPPING <<

Package
Bubble bag packing for most products;
Wooden case for little products, like buckets;
Iron frame support for boom arms.
The accessories and package of excavator long boom arm are subjected to our final confirmation.

FAQ

1. Who are we?

We are based in Guangdong, China, start from 2018, sell to Southeast Asia(40.00%), Mid East(10.00%), North America(10.00%), South Asia(8.00%), Eastern Europe(8.00%), Oceania(8.00%), Eastern Asia(5.00%), Africa(5.00%), South America(4.00%), Northern Europe(2.00%). There are total about 51-100 people in our office.

2. How can we guarantee quality?

Always a pre-production sample before mass production;
Always final inspection before shipment;

3. What can you buy from us?

Excavator Long Reach Boom, Excavator Telescopic Arm, Excavator Demolition Arm, Excavator Grapple, Excavator Bucket

4. Why should you buy from us not from other suppliers?

With more than 60 employees, it has its own unique research and development team in more than 10000 square meters of steel structure standardized plant. The annual production of various arms is up to 600 sets, and various buckets are 6000 pieces.

5. What services can we provide?

Accepted Delivery Terms: FOB, CIF, EXW, CIP;
Accepted Payment Currency: USD, CNY;
Accepted Payment Type: T/T;
