Hydraulic Rock Breaker for 10-20 Ton Excavator Box Top Side Type Excavator Hammer Concrete Rock Demolition Breaker

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Zhonghe
- Certification: CE
- Minimum Order Quantity: 1 piece
- Price: $1746/pieces
- Packaging Details: wooden case
- Delivery Time: 5-10 work day
- Payment Terms: T/T
- Supply Ability: 50 Piece/Pieces per Month

Product Specification

- Name: Excavator Attachments
- Type: Excavator Hydraulic Breaker
- Application: Construction Demolition
- Color: Customer Required
- Warranty: 6 Months
- Material: Q355B+NM400
- After-sales Service Provided: Online Support
- Weight: 942kg
- Condition: 100%new
- Packing: Wooden Case
- OEM: Support

PRODUCT DESCRIPTION

Three type of Excavator breaker hammer

Hydraulic Triangular Hammer

The triangular breaker has a triangular structure body with stronger overall rigidity, good impact resistance, and flexible operating angles. It is suitable for high-intensity crushing tasks such as handling large rocks and ores under complex working conditions.

Top type hydraulic breaker

The 90-degree right-angle design of this breaker allows it to operate in narrow spaces and concentrates the crushing force, making
it suitable for small and medium-sized excavators to handle hard foundations such as concrete and rock.

Box type hydraulic breaker

The breaker is an efficient and environmentally friendly crushing equipment with the following characteristics: low noise, low vibration, high efficiency, strong durability, easy operation, good compatibility, and is suitable for various types of excavators.

Highlights of excavator hydraulic breaker

High impact force: A hydraulic breaker delivers high impact force to break up even the toughest materials quickly and efficiently.
Versatility: With a range of interchangeable chisel tools available, a hydraulic breaker can be adapted to suit a variety of demolition tasks, from breaking up large concrete slabs to chipping away at smaller surfaces.
Low maintenance: With fewer moving parts than other types of demolition equipment, hydraulic breakers require less maintenance and are less prone to breakdowns, saving you time and money on repairs and upkeep.
A hydraulic breaker is an essential tool for any demolition job, offering unparalleled power and versatility in a compact and easy-to-use package.

PRODUCTION ADVANATGES

Our factory has a complete range of production equipment, which is conducive to the production of our products, good quality and ensures product accuracy.

1. Panel is cut by CNC plasma machine with less deformation.
2. Tolerance within 5-10um, ensure the accuracy of hole .
3. Environmentally friendly verified spraying room.
4. GMAW-Gas Metal Arc Welding.
5. Plasma cutting machines, boring machines, beveling machines, bending machines, etc. ensure accuracy.

Production Process

COMPANY ADVANTAGES

High Quality

Strict quality control throughout the whole production process. Every product is inspected carefully to meet international standards.

Standardized Production

Well-organized assembly line, follow drawings and specifications strictly. Stable and reliable output.

High Efficiency and Growing Productivity

Optimized production flow improves productivity steadily, to support on-time delivery for your orders.

Customization

Compatible with all excavator models. Customizable color, length and material..

Maintenance

Professional repair & online remote guidance.

Excellent Service

24-hour online response and online technical support.

EXHIBITION

PACKAGE & SHIPPING

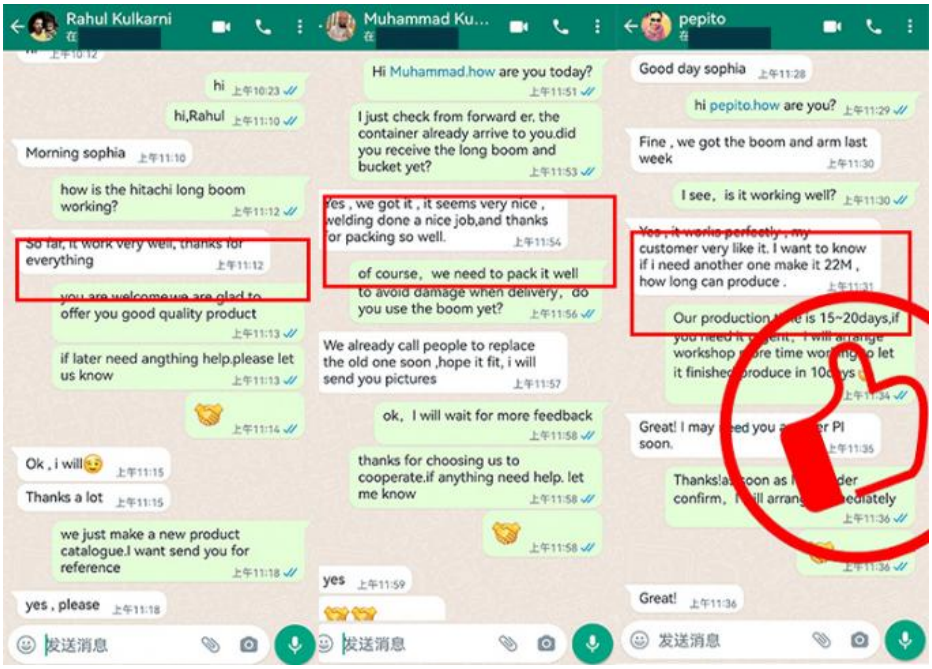

Package
Bubble bag packing for most products;
Wooden case for little products, like buckets;
Iron frame support fro boom arms.
The accessaries and package of excavator long boom arm are subjected to our final confirmation.

FAQ

1. Who are we?

We are based in Guangdong, China, start from 2018,sell to Southeast Asia(40.00%),Mid East(10.00%),North America(10.00%),South Asia(8.00%),Eastern Europe(8.00%),Oceania(8.00%),Eastern Asia(5.00%),Africa(5.00%),South America(4.00%),Northern Europe(2.00%). There are total about 51-100 people in our office.

2. How can we guarantee quality?

Always a pre-production sample before mass production;
Always final Inspection before shipment;

3.What can you buy from us?

Excavator Long Reach Boom,Excavator Telescopic Arm,Excavator Demolition Arm,Excavator Grapple,Excavator Bucket

4. Why should you buy from us not from other suppliers?

With more than 60 employees, it has its own unique research and development team in more than 10000 square meters of steel structure standardized plant. The annual production of ivarious of arms is up to 600 sets, and various of buckets are 6000 pieces.

5. What services can we provide?

Accepted Delivery Terms: FOB,CIF, EXW, CIP;
Accepted Payment Currency: USD, CNY;
Accepted Payment Type: T/T;
