Heavy Duty Excavator Telescopic Boom Featuring Stronger and Lighter Q690D Material Designed for Excavators 20 Tons Telescopic Arm

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Zhonghe
- Certification: CE
- Model Number: SSB001
- Minimum Order Quantity: 1 piece
- Price: $10793/pieces
- Packaging Details: Bubble bag packaging
- Delivery Time: 25-30 work day
- Payment Terms: T/T
- Supply Ability: 10 Piece/Pieces per Month

Product Specification

- Brand Name: Zhonghe
- Part Name: Excavator Telescopic Boom Arm
- Material: Q355B/Q690D
- Applicable Industries: Energy & Mining & Demolition
- Suitable Excavator: 20 Ton
- Length (m): 12m 14m 15m 16m
- Bucket Capacity: 0.4-0.8cbm
- Color: As Customer Requires
- Warranty: 6 Months
- Condition: 100%new
- Quality: High-Quality
- MOQ: 1 PCS
- Packing: Standard Packing
- After-sales Service Provided: Online Video Support

Excavator(ton)	Max Depth(mm)	Effective Length(mm)	Bucket Capacity(cbm)
12-15	10000	8170	0.2
20-25	12000	8700	0.4
20-25	14000	10680	0.4
30-35	16000	12080	0.6-0.8

PRODUCT DESCRIPTION

Introduction of Two Section Telescopic Arm

Also known as a two stage hydraulic sliding telescopic arm, it mainly consists of a fixed section, a sliding section and a telescopic hydraulic cylinder. Driven by the hydraulic cylinder, it can adjust working length and digging depth freely. It is widely used in deep pit excavation, river dredging, foundation construction and pond cleaning.

Standard configuration

1 set of two section telescopic arm
1 pc of digging bucket
1 pc of bucket cylinder
1 set of link assembly
9 pcs of pin shafts
8 pcs of high pressure hoses
1 pc of two way foot pedal switch

The Material we choose---Ensure Longer Life-span, High-effective, More Resistant

Boom tube adopts Q690D/ HG785 high strength steel, ear plate and reinforcing plate use Q355B, light weight yet high durability, reduce excavator load.

Advantages

1. Imported Korean spring for hose reel, service life double compared with domestic spring.

2. Double slider design for telescopic cylinder to reduce vibration impact.

3. Double layer sleeve for bucket cylinder hoses, easy hose replacement.

4. Reserved maintenance access for cylinder, convenient for disassembly and overhaul.

5. Better actual digging depth than competitors under same boom length.

6. New curved front end design with enlarged bucket cylinder for stronger digging force.

Transport

Will not exceed height limits; can be laid flat on the ground and will not extend above the operator's.

Different attachments can be used for different working environments, and robotic arms of different sizes can also be customized to meet different needs. Please contact me for specific parameters.

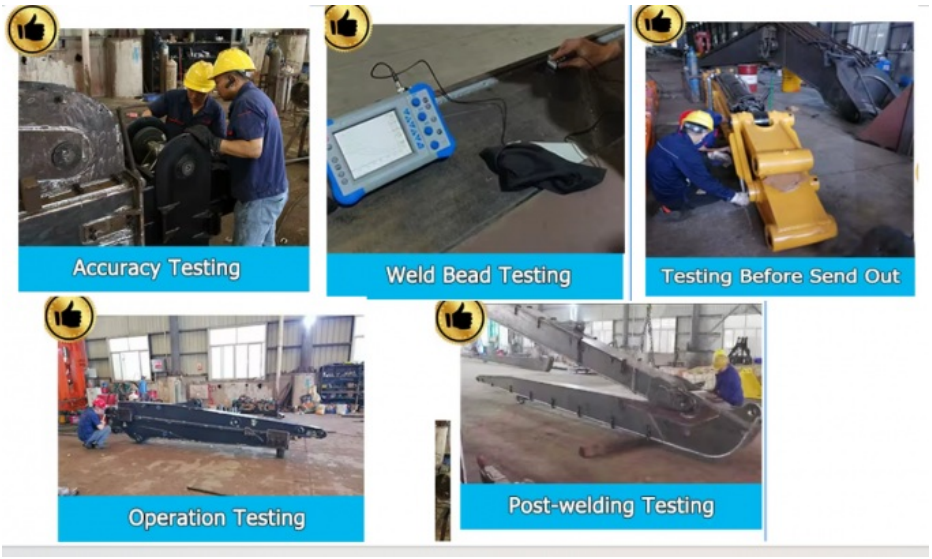

ZHONGHE Product Advantages
1. Fashionable style
2.Professional Team
3.Quality control
4.Moderate price
5.CE certification
6.Promptly answer
7.Patented technology
8.Enrich production experience

ZHONGHE triple quality control system
1.The first system is the technical design drawing review mechanism.
2.The second system is the semi-finished product review mechanism.
(each process has a detection testing for the previous process)
3.The third system is the finished product testing.

(Before painting, the overall inspection is carried out to check whether the design size matches the welding size, and whether the installation size meets the design requirement.)
To sum up, every single ZHONGHE product has been passed the above three-stage inspection system to ensure that is qualified before shipping.

High Quality
Strict quality control throughout the whole production process. Every product is inspected carefully to meet international standards.

Standardized Production
Well-organized assembly line, follow drawings and specifications strictly. Stable and reliable output.

High Efficiency and Growing Productivity
Optimized production flow improves productivity steadily, to support on-time delivery for your orders.

Customization
Compatible with all excavator models. Customizable color, length and material..

Maintenance
Professional repair & online remote guidance.

Excellent Service
24-hour online response and online technical support.

What We Have

1.Compatible with all makes and models of excavators.
2. All welding seams are tapered 45 degrees before welding in order to make the welding position more durable for long-term use.
3. Supply customization service according to customer requirements.
4. Additional applicable accessories can be added.
5. The gas welding is used for finishing, which makes the welding position more elegant and stable.

What You Get

1.Superior quality and durable three-section demolition boom and arm.
2. Provide lifetime free and timely consultation about any products.
3. Provide working condition design sample drawing free of charge.
4. Heavy Duty boom and arm hit harder and last longer, without breaking your wallet.

SHIPPING & PACKAGE

Package
Bubble bag packing for most products;
Wooden case for little products, like buckets;
Iron frame support fro boom arms.
The accessaries and package of excavator long boom arm are subjected to our final confirmation.

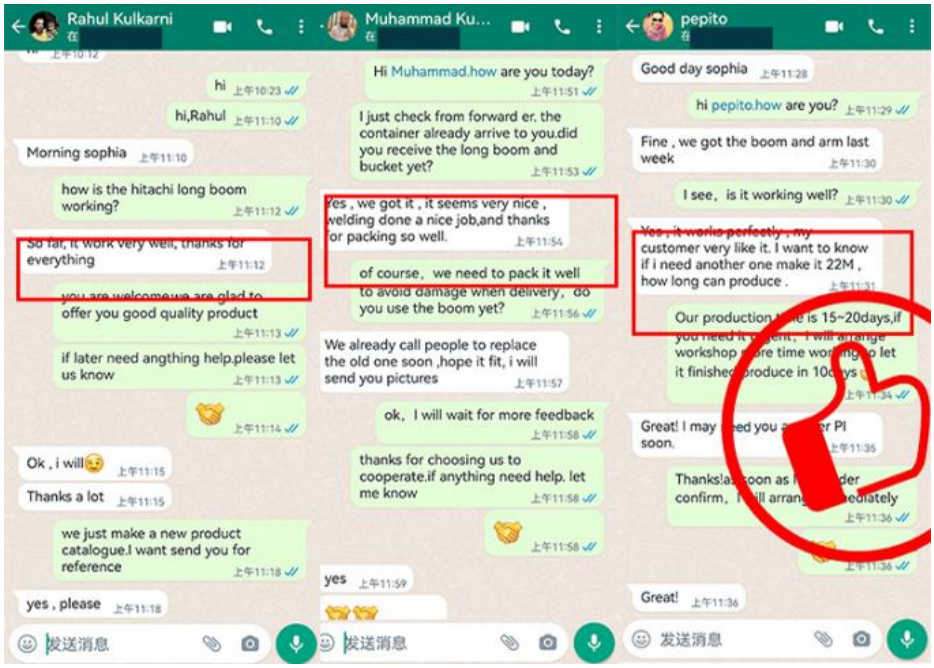

FAQ

1. Who are we?
We are based in Guangdong, China, start from 2018,sell to Southeast Asia(40.00%),Mid East(10.00%),North America(10.00%),South Asia(8.00%),Eastern Europe(8.00%),Oceania(8.00%),Eastern Asia(5.00%),Africa(5.00%),South America(4.00%),Northern Europe(2.00%). There are total about 51-100 people in our office.

2. How can we guarantee quality?
Always a pre-production sample before mass production;
Always final Inspection before shipment;

3.What can you buy from us?
Excavator Long Reach Boom,Excavator Telescopic Arm,Excavator Demolition Arm,Excavator Grapple,Excavator Bucket

4. Why should you buy from us not from other suppliers?
With more than 60 employees, it has its own unique research and development team in more than 10000 square meters of steel structure standardized plant. The annual production of ivarious of arms is up to 600 sets, and various of buckets are 6000 pieces.

5. What services can we provide?
Accepted Delivery Terms: FOB,CIF, EXW, CIP;
Accepted Payment Currency: USD, CNY;
Accepted Payment Type: T/T;
